## I.O.D.E. Sponsors Successful Dance

The Hon. J. R. Cooke Chapter, I.O.D.E., had a very successful Spinners' Dance which was greatly enjoyed by all who braved the inclement weather on Friday night last.

A warm and friendly atmosphere greeted the guests as they entered the hall, which was artistically decorated in a South Sea Island motif. A blue ceiling, palm trees and cocoanuts in the windows with a grass hut and golden sand forming an orchestral backdrop, combined to portray a beautiful sea shore setting. Many compliments were heard on the excellence of the decorative scheme and the members of the decoration committee are to be congratulated on their efforts.

Prizes were won by Mr. and Mrs. Maurice Montgomery in an elimination dance; also by Bryce Philip and Mrs. A. Fraser and Paul Jeffs and Miss Barbara Bradley in spot dances.

Dancing was enjoyed with the music being supplied by the "Starlighters," of Trenton. A dainty lunch was served by the members of the Chapter at the intermission.

With Mr. and Mrs. Johnston and Duane the guests included Mr. and Mrs. George Watson, Wellman's Corners; Mr. and Mrs. Norman Allan, Kenmore, N.Y.; Mr. and Mrs. Lorne Watson and girls, Stirling; Mr. and Mrs. Glenn Watson and Lynn, of Ancaster; Mr. and Mrs. Craig Watson and Jimmy, of Wellman's; Mr. and Mrs. Leslie Thompson, Stirling; and Mrs. Jessie Weaver, of Trenton, a sister of Mr. Watson.

Freights puffing and shunting thrice a day in the yards. The long extra westbound freights of empties waiting in the passing track for an eastbound extra loaded with grain from the prairies, were also a common sight.

**Last Passengers**

The last two passenger tickets sold and used from here were purchased by Bob and Bill Bell, sons of Maurice Bell, and local model train enthusiasts, who took an early morning trip to Campbellford on the last run of No. 93. The boys' tickets were returned to them by the conductor as souvenirs.

Two years ago the steam engines were replaced with diesels as a matter of economy, and now they remain nothing more than museum pieces. One of the last and largest passenger locomotives to be built is on permanent display in Exhibition Park, Toronto.

About the same time the railroad was dethroned the mail car was taken off the train and all mail is now trucked in. The mail was drawn from the station to the Post Office for several years by Fred McDonnell and before him the late Cleburn Gay performed the same job for many years.

**Four Passenger Trains Per Day**

Up to about 31 years ago there were four passenger trains arriving here each day. A westbound train arrived at 5:30 in the morning and another at 6 o'clock in the evening. The two eastbound trains were due at 10:20 a.m. and 2 p.m. On June 28th, 1931, these four trains, which operated between Belleville and Lindsay, were replaced with two trains running from Toronto to Belleville via Blackwater Jct., Lindsay, Peterborough, Campbellford and Stirling. On the last timetable Train 94 was scheduled to leave Stirling at 10:44 p.m. and Train No. 93 to leave at 5:51 a.m. When the above change was made Earl Ormiston, who had succeeded the late Frank McDonald, was agent. Following Mr. Ormiston, who was here 17 years, was Jack Finnigan and then Dave Nunn, the present agent, who has been in Stirling almost ten years.

**Late But Once**

Maurice Bell, who has attended these two trains since they were put in operation, opened the station for the first arrival of Train 94 in 1931 and was on hand to perform the same duties for the last arrival of Train 93 yesterday morning. In the thirty-three and a half years Mr. Bell has met these trains he claims to have only missed one that he was responsible for; that being the third morning he was supposed to be on the job.

Less than 50 years ago passengers and commercial travellers were drawn from the local CNR station down town in two horse-drawn buses operated by the late Messrs. Adam Corrigan and George Richards. The many trunks and pieces of baggage were carried from the station by the late Brint Wright.

**Busy Spot**

In those days the railway station was one of the busiest spots in town. It was also the most intriguing for the local boys who never tired of watching the way and manifest

It was decided to affiliate with the Canadian and Ontario Chambers of Commerce and the necessary fees be forwarded by the Secretary.

The first matter discussed under the new President was the date of meeting. It was finally decided that the directors would meet the second Thursday of each month and a spring and fall dinner meeting be arranged with a speaker to be secured for the same. ### Meighen Rodgers Writes Interesting Account of His European Tour

Following is the story of a European tour by Meighen Rodgers, of West Hill, who formerly resided in the Stirling district, and is now a teacher at Scarborough. Due to its length the article will be published in several parts.

It was June 30th, 1960, 8.30 p.m., when I boarded my B.O.A.C. jet at Malton Airport and took off into the clouds for Europe. It was my first flight and an experience I shall never forget! The night lights of Montreal and Quebec were picturesque real and before we knew it, Canada was left far behind and the vast expanse of the Atlantic lay below us with a fairland view of the clouds and heavens about us. Our flight ended all too soon, when at the end of seven hours, we were slowly descending over the Irish Sea to the airport at Prestwick, Scotland. We went through customs there, refueled the plane, and took off again for London, England.

We spent three days of sightseeing in greater London, the Tower, Tower Bridge, Houses of Parliament, Big Ben, Hyde Park, Buckingham Palace and the Changing of the Guards, 10 Downing St., Westminster Abbey, London Art Gallery, St. Paul's Cath-

edral, Madame Tussaud's Waxworks, London's Night Clubs, and many other interesting spots in this beautiful old city. I was quite amused by the seemingly ancient type of taxi, the double decker bus, and the large wheeled tram, all of which are so common to the Londoner. London is truly a beautiful city!

Our trip to the famous university city of Oxford and on to Warwick took us through the picturesque Chiltern Hills and a rich farming district. At Warwick, we were shown through the old Warwick Castle and the beautiful rose gardens on the grounds. A short drive took us to Stratford-Upon-Avon, where we visited Anna Hathaway's Cottage and Shakespeare's birthplace. The town of Stratford is a very pretty spot, situated on the banks of the Avon River; with its historical theatre, graceful swans, colourful rose gardens, ancient timbered houses, and rural atmosphere, one could not help but like this bit of Old England.

A drive through the enchanting countryside of the Cotswolds brought us south to Blenheim Palace at Woodstock. Sir Winston Churchill's birthplace, better known as Marlborough House. We saw the rowing teams (Continued on page seven)

Letters from the bale sent were read and items for the new bale were discussed. Mrs. Lindsay Tanner moved a vote of thanks and appreciation to Rev. and Mrs. Fleming for the

spiritual help and interest; also to all officers of the W.A. for work and leadership.

Rev. Fleming also commended the officers and all members, after which he conducted the election of officers as follows:

President — Mrs. Ted Preston  
Vice-President — Mrs. Percy Ray  
Secretary — Mrs. Ed Colden

## River Valley Unit St. Paul's U.C.W.

The River Valley Unit of St. Paul's U.C.W., held their first meeting at the home of Mrs. Ernest Carr with an attendance of thirteen members, one visitor and seven children.

Last year's President, Mrs. Roy Bush, opened the meeting with the hymn, "Fight the Good Fight" and the poem, "Fellowship Friends." Mrs. Bush led in prayer. She expressed a few words of welcome to all present and invited the new leader, Mrs. Jack Bush, to come forward and take over her new duties.

The reports of last year were given which showed a good year spiritually, socially and financially.

Very capably, Joan outlined the working of the new organization under a new name.

The roll call was answered by paying membership fees. Following the business period the offering was received and dedicated.

Mrs. Roy Bush read the poem, "My New Year's Resolution." Everybody repeated the Twenty-Third Psalm and the Lord's Prayer. Mrs. Ernest Carr presented a glance back over the thirty years of the W.M.S. and told some of its highlights. Pictures of the first meeting as U.C.W. were taken.

All enjoyed the bountiful lunch prepared by Mrs. Phil Conley and Miss Flossie Rosebush.

## THE BIBLE TODAY

The Reverend P. O. Mydke, Secretary for the Bible Societies in the area in South America which includes Paraguay, reports that the country is going through a hard time of increasing unemployment and decreasing income, but that the Bible distribution does not seem to have suffered. He expects to report a new record for Scripture sales this year.

The Bible Society will give to the Guarani speaking people, numbering 500,000, a copy of the Gospel of Mark recently translated into their tongue. This Gospel will soon be printed. The translators will continue with further work until at least the New Testament is translated.

The Swedish Pentecostal group has a systematic colportage work going on, in addition to their evangelistic work.

A Consultative Committee has been established for the first time in Paraguay to help the Bible Society in reaching the whole country with "The Word for the World." A campaign is under way in the churches to encourage their members each to donate or sell one Bible a year to their relatives and neighbours.

## Cooking Comments

Almost all cuts of lamb are tender and adapted to dry heat methods of cooking, according to the Ontario Department of Agriculture. For minimum shrinkage and maximum flavor, cook lamb at a low temperature — say 325 degrees F.

Not all flours are the same. They are milled from different types of wheat for different types of baking. Cake and pastry flours are much better than other kinds of cake-making.

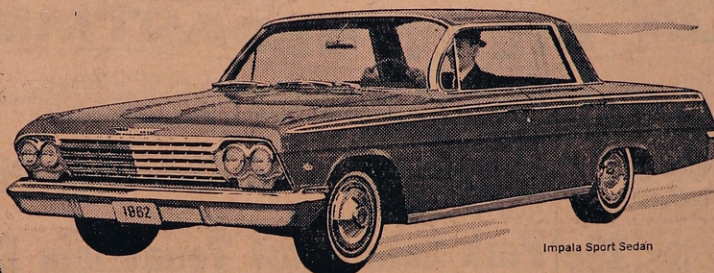

For best results in cake making use the correct mixing time, reminds the Food Department of Macdonald Institute, Guelph. Too little mixing results in soggy layers at the bottom. Over-mixing toughens the cake.

For more nutritious menus consider each day's three meals as a unit. This way you are less likely to overlook any of the food groups mentioned in Canada's Food Guide. Be especially careful to include a whole grain cereal and an adequate amount of milk.

## Industrial Hockey Activity

Elaines Blank

Holloway

On Thursday last Stirling Elaines blanked Holloway by an 8-0 count at Marmora. Garry Wright again led the Elaines attack with three goals. D. McCrory added a pair while singles went to Mason, Clarke and Woods.

Woods opened the scoring for the Elaines. D. McCrory added a second before the period ended.

Claire Craighead took ill at this point and Bob Taylor took over in the nets and blanked Holloway the rest of the way. Garry Wright, McCrory, Mason, Wright and Clarke fired home five markers to make it 7-0.

Wright scored the lone marker of the third period.

Merchants Lose

A short-handed Stirling Merchants team dropped a 2-2 decision to Cooper in Cooper on Friday last.

Cooper Hands Elaines

First Defeat

Cooper "North Stars" defeated Stirling Elaines 10-6 in a fast clean game at Cooper Tuesday night. Cooper played heads-up hockey and deserved full credit for the win. Doug McCrory led the Stirling attack, getting the hat trick. Mason scored twice and Woods once. Wright got two assists.

Cooper jumped into a quick two-goal lead before Merritt Woods got one back. Cooper fired two more before the period ended.

In the second stanza McCrory cut the lead to 4-2, but Cooper went ahead 5-2. McCrory and Mason scored for Elaines, but Cooper got it back in the dying seconds.

McCrory cut the lead again in the third to 6-5, but Cooper started to pull away at this point. Garry Mason scored Elaines' last goal on a pretty play

with Wright and Hagerman.

Coming Games

Elaines play Stirling Merchants at the local arena tonight (Thursday), at 8.30 o'clock. This game should prove a real thriller as the Merchants will want revenge from a previous defeat at the hands of a much younger Elaines squad. A good attendance would be appreciated.

## The Food Basket

Consumer Section Marketing Service  
CANADA DEPARTMENT OF AGRICULTURE

Most women like to confine their marketing to once a week. This means that extra care must be given to fresh foods in the home or much of the original good quality will be lost or the food itself wasted. So let's check our practices against those of the Consumer Section, Canada Department of Agriculture, Ottawa, and see how we measure up.

**Fresh Milk** — Do not allow milk to sit in the sun or become warm. Wash containers under cold running water and then store immediately in refrigerator. Use milk within 4 or 5 days. Opened cartons or bottles should be reclosed between use as milk absorbs

odors and flavours.

**Cream** — Should be treated similar to milk. Whipping cream should always be thoroughly chilled before attempting to whip it. Cream will not whip satisfactorily if warm.

**Butter** — Like milk, absorbs odors and flavours and should be kept covered during storage. Some refrigerators have special butter storage compartments, otherwise a special covered dish for butter is a good idea.

**Eggs** — Should be kept in the carton or in a covered container in refrigerator to maintain their quality. Keep them at a reasonable distance from strong flavoured foods and do

not wash until just before using.

**Meat** — All store wrappings should be removed from fresh meat; they may be left on cured and smoked meats. Fresh meats should be re-wrapped loosely, preferably in waxed paper, to prevent drying out. All meat should be stored in coldest part of the refrigerator. Roasts, steaks, chops, wieners, cooked meats and leftover stews or casseroles may be stored 2 or 3 days in the refrigerator; ground meat, variety meats, sausages and jellied meats 1 or 2 days. Cured or smoked meats may be stored for a week.

**Poultry** — Fresh, eviscerated poultry should be removed from store wrapping and stored loosely wrapped in waxed paper in the refrigerator. It should be cooked within 2 or 3 days of purchase. Once frozen eviscerated poultry is thawed it should be refrigerated but cooked within 24 hours.

**Potatoes** — Require a dark, well ventilated place for storage. They keep well at temperatures of 40 or 45 degs. F. If stored at this temperature allow them to stand at room temperature for a day or so before cooking.

**Carrots** — Should be stored in the refrigerator, covered, or left in the transparent bags. They keep well under these conditions for a couple of weeks.

**Onions** — Should be stored in a cool, dry place to prevent deterioration or sprouting. Kept in the kitchen, onions have a storage life of about 2 weeks.

**Apples** — Should be stored at a low temperature such as that in a cold cellar or refrigerator to keep them crisp and juicy until needed.

## OF MANY THINGS

### A CHALLENGE

The other day in a restaurant I heard some irresponsible remarks about Canadian institutions and I let them pass. They seemed to me so foolish that they were scarcely worth rebutting. I don't like to argue against pure ignorance, so I just sipped my coffee and let it go.

I'll not do that the next time. Next time somebody says, knowingly, that this injustice or that is

"enough to turn people to Communism" I won't let it pass. There may be some injustices here, and some folks may get bad breaks. If this makes them think that the proletariat gets pushed around in Canada, they ought to learn what happens to citizens in Russia, where they've been enjoying the so-called "blessings" of Communism for more than 40 years. Forty years of Communism without a free election! Without any of the civil liberties we enjoy. A standard of living miles below ours. Purges and punishments that are shockingly brutal. If there is anything in Canada bad enough to "turn people to Communism," I'd like to know what it is.

But most of us let such comments go by as if they were pearls of wisdom. It saves an argument. "Let the man spout his nonsense," we say.

The other day the president of the Chamber of Commerce urged Canadians to stop letting these attacks, ridiculous as they may appear, go unchallenged. He said that we ought to speak up, to defend our basic Canadian traditions and institutions.

I go along with that. I'm not going to give up my right to kick sacred cows now and again; but I am going to accept a responsibility to speak up when somebody makes snide or unsupported remarks about such things as our courts, and our economic system. I say that because I believe that our way of life is under such constant attack these days that those of us who believe it is fundamentally sound ought to be careful not to criticize it too casually. Certainly we ought to be ready to defend it when it is unjustly criticized.

I hope many others will take up that challenge too.

## Snoring Art

A veteran husband down the block says that snoring is like any other form of art; the people who don't know how to do it are the first to criticize.

Why can't life's problems hit us when we are eighteen and know everything.

## Mt. Pleasant Congregational Meeting

(By Mrs. Percy MacMullen)

On Wednesday, January 24th, a pot luck dinner was held at noon in the Mount Pleasant Rawdon United Church Hall with thirty in attendance. At 1:45 p.m. the pastor the Rev. W. G. Fletcher, conducted a brief devotional which opened with "Rise Up O Men of God," scripture and prayer. The various reports followed.

The pastor reported for Mount Pleasant — four baptisms, one marriage and one death.

A period of silence was observed for a valued deceased member, Mrs. George Weaver.

The total membership is 134 and six are non-resident. There were 10 received on faith and one by letter. The removals were 6 by letter and one by death.

Allen Reid, Treasurer, gave the Congregational report, which showed a balance of almost seven hundred dollars. The Circuit Treasurer, John Carlisle was paid \$2149.50. The general expenses covered hydro, wiring, honorarium to organist, caretaking, furnace oil, Camp Quin-Mo-Lac, Observer plan, insurance and repairs with a total expenditure of \$2851. Over \$700.00 was received in the anniversary envelopes and almost \$2000 through the medium of envelopes and subscriptions.

Kenneth Weaver remitted almost \$600.00 for the Missionary and Maintenance Fund.

Mrs. Burton Sharpe reported for the Sunday School and their total receipts for the year was over \$400.00, with a balance of \$85.00. The supplies and attendance cards cost \$374.00. The Rally Day and White Gifts amounted to over \$25.00.

### Budget

The Budget was read for the Circuit and the total salary, travelling expenses, pension and contingent is \$4949.00. Mount Pleasant share is \$2227.05.

Mrs. Grant Hubble, Treasurer of the Woman's Missionary Society, remitted to Mrs. R. G. Coulter, President of Belleville Presbytery, \$306.31. This money was all given systematically excepting \$63.00. In the last year of W.M.S., a special effort was made to reach the allocation of \$479.40 through other ventures, however, it lacked thirty odd dollars of reaching the top. The expenses included study packet, "Facts and Figures" and "Outreach" etc., a total of \$5.00. There were 5 life members and 14 annual members. This group was first organized in June 1901.

Mrs. Harry McAdam, leader of the Mission Band, reported 22 honorary members, 23 annual members and 11 meetings were held. She remitted \$77.83 to the Belleville Presbytery Treasurer. They purchased the primary and junior study books for the new group, "Little Messengers" in 1962. Their thankoffering and collections were over thirty-three dollars and the card sales were almost \$40.00. Date of organization, 1924.

Mrs. Milford Wrightman, leader of the Baby Band, remitted \$64.00 to the Presbytery Treasurer. There are 22 children on the roll. Two children graduated to the Mission Band in July. There was over \$42.00 given systematically through thankofferings, mite boxes and donations and the Travelling Basket provided over \$18.00. The Baby Band was organized in 1942. The total amount remitted by the three groups was \$447.82 to the Treasurer of Belleville Presbytery, W.M.S. in this closing year of missionary endeavour.

The summary is as follows:

W.M.S. — Organized 1901-1961, \$306.31; Mission Band — 1924-1961, \$77.83; Baby Band — 1942-1961, \$64.00. And now the book is closed after sixty years at Mount Pleasant.

Mrs. Kenneth Weaver, Treasurer of the Woman's Association, reported that the account had been closed with a donation of \$208.00 to the Church Hall and \$50.00 to the United Church Women. Fees for fifty women were paid to the Presbytery Treasurer, Choir music \$58.50, Festival fees \$32.50, Parsonage Board \$100.00, the renovation of the Hall Kitchen was over \$1100.00. This organization was organized a few years ago and now their account is closed. During the year the money ventures were: two pot luck dinners, Girl Guide banquet, a wedding, two community sales, catering at Stirling Fair and collections at the meetings.

The pastor reported for information that Rawdon Circuit Young People's Union, stating that \$30.00 had been given to the M.&M. and they had a balance of over \$200.00.

The pastor also reported for Rawdon Circuit AOTS Club. They have almost \$200.00 in the bank. The men sold peanuts and Christmas trees and the fees were \$125.00.

Mrs. Raymond McConnell, Treasurer of Rawdon Circuit Parsonage Board received \$400.00 from the three

Appointments. They catered for the banquet. The taxes were \$227.60 and the telephone account \$44.84. There was a bank balance and a Reserve Fund of \$240.00.

The gifts to the Temperance Federation from this Appointment was \$32.25.

Earl McAdam, Treasurer of the Church Hall, presented his report in two parts. During the year the Hall rentals was \$15.00 and there were special donations from various folk. A new floor was placed in the Hall and a few minor repairs made. A special canvas of the community was made and over \$150.00 was collected and spent on the Hall. This was a special fund however and there is a balance of \$82.00 in the main account.

Allen Reid reported for the Cemetery Account, which has a small balance. The caretaking was \$63.00. The total assets in the Cemetery Perpetual Upkeep Account is \$1490.45.

## NEWS FOR THE BUSY FARMER

### MILK MACHINE MUST BE CLEAN

No sanitary precaution contributes more to a low bacteria count in milk than does keeping the milking machine clean, asserts Dr. C. K. Johns of the Canada Department of Agriculture's Dairy Technology Institute at Ottawa.

Milk residues in the fine cracks of the rubberware, especially in the teat cup liners, promote the growth of billions of bacteria. Since rubberware cracks as it deteriorates, it is advisable to replace the liners after about 750 milkings — that is 50 milkings of a herd of 15 cows.

It is more economical to have two sets of lines in use than one. If each set is used one week and then rested one week in a five per cent lye solution, it will last half as long again as a set in constant use.

There are several pointers to keeping the milker clean:

Just before use, suck a pailful of recommended sanitizing (germ-killer) solution through each unit; use this solution to treat cans, strainers, etc., and then wash the cows' udders.

Right after milking, such a pailful of clean cold water through each unit.

Brush the liners in a hot solution of a reliable dairy cleaner, and then fill them with lye solution (two teaspoonfuls per gallon of soft water).

Brush the pail and pailhead in hot cleaning solution, rinse them in clean water and invert them on a metal rack to drain and dry.

Further details are given in Supplement to Publication 627, "How to Care for Milking Machines and Rubberware," a copy of which can be obtained from the Information Division, Canada Department of Agriculture, Ottawa.

### INCREASED DAIRY FARM SPECIALIZATION

Looking back over five years, Economist Frank Lawrence of the Canada Department of Agriculture found evidence that the importance of dairying on eastern Ontario farms was increasing at the expense of other enterprises.

Comparing the operations of 100 dairy farms in 1957 with those of 1961, he found that the number of dairy farms combining hogs and eggs had sharply declined. The supplementary enterprises that were being carried on in 1961, however, had substantially increased in size.

Hog production provided supplementary income on 41 of these dairy farms in 1957. Forty-one farms marketed an average of 23 hogs in that year. By 1961, only 26 of the 100 dairy farms had hogs, but averaged 30 market hogs shipped per year.

In 1957, 40 of the 100 dairy farms had poultry flocks with an average of 250 laying hens. By 1961, only 24 of these dairy farms were in egg production, but the average size of flocks had increased to 350 layers.

On farms where supplementary enterprises ceased, the dairy enterprise was enlarged to utilize the extra space, equipment and labour. The resulting growth in dairy herds on these farms was from 21 cows in 1957 to 23 cows in 1961.

The human heart rests about eight-tenths of a second between each contraction.

### ROOT ROT THREAT TO CONIFERS

Going in for tree farming? If you are planting conifers on the site of a former hardwood stand it is well to take precautions against root rot, say scientists of the Forest Pathology Laboratory at Maple, Ont.

The disease is caused by honey fungus and has been found particularly severe among conifers planted on a logged-off hardwood area. However, girdling of broadleaved trees two years before felling and restocking with conifers is believed to reduce the food supply of the honey fungus in the hardwood stumps. This method may control the disease but the fungus can persist almost indefinitely in a dormant state in hardwood roots.

While root rot is not a major problem in Ontario where most new plantations are established on rundown farm land containing few stumps to harbor the infection, as reforestation advances over cut-over land, it may become a greater threat.

When hardwood trees are felled the fungus becomes active. It is present on many tree species in Ontario, entering through the roots and travelling under the bark up the bole.

Damage is usually severest on the less vigorous trees, especially those planted on a poor site but coniferous seedlings even in good soil are susceptible.

The simple remedy for root rot would be to remove the stumps of felled hardwood if this is economically feasible.

### Meighen Rodgers Writes of Tour

(Continued from Page 1)

practising their skill at Henley on the Thames River, the renowned Eton College, and beautiful Windsor Castle. A tour of Windsor Castle and historic St. George's Chapel, where the kings and queens are buried, proved most interesting.

On our return to London from Windsor, we stopped to see the Stoke Poges Church, which has been in existence since 1107. It was here that Thomas Gray wrote his elegy, and in 1771 he was buried by the side of his mother under the east window of this rural church. A tour of Hampton Court Castle and the beautiful sunken flower beds upon the grounds, proved most rewarding. Hampton Court was built by Wolsey and lived in by Henry VIII. Thousands of tourists admire these gardens daily during the summer months.

We departed from London by train to Hadwick, where we boarded our steamer for the English Channel crossing to Holland. Arriving at the Hook of Holland early the next morning, we enjoyed a Dutch breakfast at the miniature town of Maturodam, then continued our trip by bus along the great dikes of the coast via The Hague, capital of Holland, where we toured the Peace Palace; on to Scheveningen, North Sea bathing resort, thence on to Amsterdam, chief city and seaport of Holland.

I was greatly impressed by the land appeared to be in use and only Dutch people. Every inch of their land appeared to be in use and only an ambitious race could keep their country as prim and proper as Holland has kept hers. They continue to toil and are gradually filling and claiming large sections of the Zuider Zee. A visit to the colourful village of Volendam, famous for Dutch costumes and colour, proved most interesting. This section of Holland is very fertile, and between the long canals which cross the country in various directions, I noticed large herds of dairy cattle and was privileged to tour a Dutch cheese factory. Windmills are still a common sight and the wooden shoes have not lost their place either.

Amsterdam, with a population of \$50,000 is built upon a lake and has 400 bridges and 50 canals. We spent a couple of days touring the city both by bus and by boat. Many people live in house boats upon the canals. I had never seen so many bicycles and motorcycles in my life, as I saw in Amsterdam. Nearly everyone travels to and from work by cycle. We also paid a visit to the Rijks Museum to see its wonderful collection of old Dutch masters, then left Holland via the seaport of Rotterdam and travelled into Belgium.

Belgium too, is a very pretty country, with its rich farm lands tree lined streets, fields and fields of colourful tuberosus begonias, and clean well-kept city dwellings. A visit to the Royal Palace in Brussels and the world famous lacework factory were much enjoyed by our tour group. On our way to Luxembourg, we stopped at the American War Memorial at Bastogne. This Marble memorial was erected in 1950 in memory of American aid given to Belgium during the Battle of the Bulge.

Luxemburg is a small Republic, 62 miles long, 37 miles wide, and covering an area of 1,000 square miles. It became an independent state in 1865 and a monarch was elected in 1919. Ninety-five per cent of the population is Roman Catholic. We visited the American cemetery located high above the Meuse River. This beautiful kept cemetery contains the graves of 5,000 American soldiers, each marked with a white cross and the paths lined by colourful rosebushes. The graves have been adopted and cared for by the people of Luxembourg and Belgium in appreciation of American aid.

From Luxemburg, we travelled through the fruit-basket district of Germany touring the old cities of Trier, Bernkastel, and Boppard on the Rhine River. At Boppard, we boarded a steamer for a delightful trip on the Rhine through the most beautiful and historic part of Germany. On either side of the river stretching up the high hills are terraces upon terraces of grape vines and here and there on the hill tops stand ancient castles, many of which are used by Youth Hostels today. Our journey took us right past the Old Mouse Tower on the Rhine and on to Bacherach, where we were met by our bus. Our next stop was at Heidelberg, charmingly situated on the Neckar River and known as the oldest German university city with a population of 85,000. Our hotel was situated near the summit of a huge hill overlooking the ancient Heidelberg Castle and the city itself. Heidelberg University dates back to the 1700's. It has four main faculties, namely: medicine, law, philosophy and theology. Sixty-six nations are represented by students studying there. Martin Luther taught at this University.

We visited a typical German Youth Hostels Lodge in Heidelberg and I

was quite impressed by the way they are run. The Youth Hostels were started in 1820 for the benefit of those who like to hike, cycle, or travel on one's own. The buildings here consisted of bedrooms, kitchen, dining room, recreational room, and a huge outdoor swimming pool. All lodgers must be willing to assist with the preparation of meals, sweeping, dusting, laundry, bed-making, etc. with cleanliness being stressed. There is folk dancing in the evenings and 10c entitles you to swim in the pool all day if you wish. Room and board for one day is 50c and overnight lodging is 15c; however, one must be a wanderer to get lodging at a Hostel. There are 980 Youth Hostels in Germany alone.

On leaving Heidelberg, we motored into the "Land That Time Forgot,"

world-famous medieval Rothenburg, unchanged since the Thirty Years War in 1648. We saw the well-preserved ramparts, towers, and interesting gateways dating from the XIV century. I was impressed by the cleanliness of these old cities with their 300 year-old homes, granite stone streets, and each window box filled with flowers in bloom, right from the street up to the windows in the gable ends. The fish mongers keep live fish in board-covered cement tanks ready for restaurant use. We also visited the old medieval cities of Dinkelsbuehl and Noerdlingen. All of these cities are walled, but in recent years have outgrown these walls and are gradually stretching out into the excellent farmland around them.

### Nancy Wilson Winning Speaker

Seven Contestants in Competition Thursday Night—Local Finals Here Wednes.

A goodly number of parents and interested adults attended the Public Speaking Contest at the Stirling Public School last Thursday evening.

The seven contestants, pupils from Grades 5, 6, 7 and 8 at the school, spoke on a variety of topics.

Richard Crossman, grade five, spoke on "Mysterles of the Sea;" Frank Camm, grade six, spoke on "Sir Frederick Banting;" Ann Watson, grade six, "Sir John A. MacDonaid;" Robert Marby, grade seven, "Electricity;" Bruce Woodbeck, grade eight, "My Home Town — Stirling;" Sue Anne Bastedo, grade eight, "Television — An Aid or Hindrance to Education;" and Nancy Wilson, grade eight, "My Home Town."

The audience enjoyed the contest and all agreed that contestants did very well. The judges, too, found it a difficult task to choose the top three contestants.

However, results of the scoring placed Nancy Wilson first, Sue Anne Bastedo second and Bruce Woodbeck third. For Nancy, it was the climax to two previous years of being a runner-up.

All contestants received silver dollars from the School Board and Nancy Wilson was presented with the Public School Public Speaking Trophy by the chairman, Mrs. Robert Luery.

### Stirling "Chevies" Won 7 to 5 At Campbellford

Stirling "Chevies" continued their winning ways on Tuesday night, when they defeated Campbellford Midgets on the latter's home ice by a score of 7 to 5.

Campbellford jumped into a three-goal lead in the early part of the game and while the locals narrowed the margin they were outplayed in the first period.

However coach Bob Anderson, breathed some pep into his charges at the first intermission and from then on they displayed their customary offensive strength. The line of J. Wright, B. Donohoe and J. Noble caught the eye of the fans with their passing plays and the whole team gave a fine display in the latter two periods.

In the second period the "Chevies" took command and scored four unanswered goals to lead 6 to 3.

In the last canto Campbellford outscored the locals 2 to 1 but never seriously threatened their lead.

John Noble and Andy Faulkner each got two counters while Grant Hagerman, D. Potts and L. Mason got singletons.

Stirling — Bob Morrow, goal; D. Potts and P. Bosiak, def.; Grant Hagerman, centre; Lynn Mason and A. Faulkner, wings; Ross Sables, Roy Rogers, R. McCrory, K. Smith, J. Noble, A. Wrightman, Bob Donohoe, J. Wright, R. Vandervoort, alternates; F. McAdam, spare goalie.

## Meighen Rodgers Writes Interesting Account of His European Tour

Following is the story of a European tour by Meighen Rodgers, of West Hill, who formerly resided in the Stirling district, and is now a teacher at Scarborough. Due to its length the article will be published in several parts. This is the second installment.

We passed through historical Augsburg and on into the Bavarian Alps to the story-book village of Oberammergau, the site of the world-famous Passion Play. For more than three hundred years the people of Oberammergau have loyally and sincerely observed the vow sworn by their forefathers in the war and plague-stricken days of 1633, that if they were delivered from this plague, they would present every 10th year a drama depicting the suffering, death and resurrection of Christ. The Passion Play was a presentation of dramatic art on a high level. The acting was splendid and the singing beautiful. The presentation takes place from 9-12 a.m. and 2-6 p.m. daily from May until September. Nearly 200 persons took part in the 1960 presentation. Oberammergau is a small town nestled in the valley, and surrounded by the beautiful Alp Mountains. The homes and the stores are beautifully kept with frescoes painted on the outside walls and flower boxes in nearly every window. Tourists from every part of the globe were in Oberammergau for the 1960 presentation of their drama.

The homes and the stores are beautifully kept with frescoes painted on the outside walls and flower boxes in nearly every window. Tourists from every part of the globe were in Oberammergau for the 1960 presentation of their drama.

No tourist could visit Oberammergau without loving this picturesque Bavarian village.

From Oberammergau, we motored to Munich, the gay Bavarian Capital, for a tour of the city and lunch at the famous "Hofbrauhaus." Munich with a population of 1,110,000, is Mozart's birthplace. We saw the remains of bombed buildings still standing since World War II, when seventy percent of the city was flattened, but it is remarkable how quickly the city was rebuilt and the rubble cleared away.

A short drive from Munich brought us to the Austrian-German border and into Salzburg, Austria, the Mecca of art lovers. Austria with a population of ten million was settled in early days by the Romans, who were attracted to the country by the salt mines found there. Sixty-five percent of the country is forested, and some of the finest scenery in the world may be found in the Austrian Alp Mountains. We passed through the

city of Linz, which is the Provincial capital of Upper Austria; past the Melk Monastery, which is the largest monastery in the world; and on to Vienna, the world capital of music and good cheer.

Situated on the historical Danube River, in the midst of a fertile farming district, Vienna is a large modern city with a population of 1,700,000. Twenty-three districts comprise the city and 200 Roman Catholic churches serve 80 per cent of the population. 30,000 died in Vienna of the black plague in 1730. We were privileged to visit the famous Spanish Riding Academy; two huge museums containing 900 tapestries; huge amusement park; the most modern opera house in the world; Haydn's and Mozart's monuments; one of Europe's three Cancer Research Buildings; Burgtheater; Schoenbrunn Palace, which was the former imperial residence, surrounded by terraces, fountains and rose gardens; Vienna's

beautiful Zoological Gardens, which is the largest zoo in the world; Vienna University, established in 1365, has 4 faculties and 20,000 students; the public library, containing two million books. Two hundred and fifty bombs were dropped on the Schoenbrunn Palace grounds during the war, but the palace itself with its 1,444 rooms was only slightly damaged. Furnishings for the Millionaire's room alone cost Marie Antoinette, wife of Louis XIV one million dollars. During the Russian occupation of Vienna in World War II, the furnishings of this castle were hidden in a Salzburg salt mine for safe keeping.

Vienna is surrounded by high wooded hills and it was on strolls in these woods that Strauss got his inspiration for his "Tales of the Vienna Woods," which music lovers around the world are acquainted with and still play today. On Kahlenberg Hill above the city, a monastery once stood, whose monks slept in the coffins in which they were later buried when they died. The Vienna Amusement Park covers six and a half square miles and the football stadium within this park seats 120,000. There are all sorts of joy rides. The ferris wheel is 220 feet tall. A long subway line provides quick, convenient transportation to all parts of the city. Two fairs a year are held in March and September at the International Exhibition Grounds. Chestnut trees grace the boulevards and gardens containing 1,000 different varieties of roses may be seen in the city.

Teachers' salaries in Vienna are about \$60.00 a month and many modern apartment houses rent at \$4.00 to \$8.00 a month for 2 bedrooms, kitchen, small bath, living room and a shared bath. Tenants pay for their own heating and lighting, and as many as 4,000 people may live in one long apartment house.

In the evening, we visited Grinzing, a suburb of Vienna, where there are numerous wine gardens. People gather here in the evenings to drink, dine and listen to fine music. We had our evening meal at the Cobenzl Restaurant on Cobenzl Hill overlooking the calm Danube river and the peaceful city below. The beautiful Blue Danube is really not blue at all, but a dull gray. At Klosteneuberg, another suburb of Vienna, stands a huge monastery, which was founded in 1114. Fertile soil and plenty of moisture have made the Danube River Valley a prosperous farming district.

From Vienna, we travelled south via the industrial city of Bruck to Leoben on the Mur River, through Klagenfurt, and across the Austrian-Yugoslavian border by way of the Seeberg Pass to Ljubljana, capital of Slovenia Province, an attractive city surrounded by lofty wooded hills and having a population of 140,000. Yugoslavia is made up of 9 provinces; has an area of 96,000 square miles, and a population of 15,000,000. The country is ruled over by Tito.

The majestic Yugoslavian Alps were a sight to behold as their snow-capped peaks stretched into the blue heavens above. On making our exit from these mountains, we passed through a rich farming district, where I saw women in large wheat fields harvesting the grain with scythe and sickle, and another woman threshing grain with a flail, and a donkey at a treadmill. Yugoslavians are Roman Catholics, Servian, Orthodox, or Moslem. The country churches are closed or used as stables, as the people are not allowed to worship God.

On To Italy  
We travelled westward from Ljubljana across the Yugoslavian-Italian border and on to Trieste, Italy, a lovely old city with an excellent seaport on the Adriatic Sea. Italy is about 900 miles long, 200 miles wide, and has a population of about 45 million.

Our next main stop was at Venice, a unique city built on 118 islands and linked by 400 bridges; the city is built on oak pilings and has about 177 canals, which are used as highways for their numerous gondolas and boats. These canals are very dirty and some of them have a very unpleasant odour. Gondolas are used mainly by tourists; their number is limited to 600 and gondoliers must be the sons of gondoliers, in order to be the sons of gondoliers. There operate them on the canals. There is a large bridge, built by Mussolini, which links the city with the mainland, but after crossing this bridge, one must park the car near the bridge and travel in the city either by boat or on foot.

A walking tour of Venice took us to St. Mark's Square, St. Mark's Cathedral, built in 830 and containing St. Mark's grave; the Doges Palace; the Bell Clock Tower, and numerous fine stores surrounding the main square. An afternoon excursion to the famous Lido and a swim in the Adriatic Sea were most enjoyable. In the evening, one may hear the dip of the paddle and the voices of the gondoliers blending in song as they make their way through the canals.

Morning saw us on our way again down Italy's eastern coast, through the fruit growing district of Ravenna, where Dante wrote his "Divine Comedy" and continuing via the famous beach resort of Rimini to the tiny principality of San Marino, founded in the fourth century by the stone-cutter, Marino, who became a hermit and lived in the slopes of the Titano Mountains. San Marino is a Republic which covers 38 square miles and has a population of 14,000. From its 2,000 foot high cliffs, one is able to get an excellent view of the picturesque farmlands and numerous vineyards.

## World Day of Prayer At St. Andrew's March 9th

A World Day of Prayer Service will  
be held in St. Andrew's Presbyterian  
Church, Stirling, on Friday, March  
9th. On that day Canadian women  
from Yellowknife, N.W.T., to the  
tiniest Newfoundland outpost will  
join with women in 145 different  
countries to circle the world with  
prayer.

3500 local church councils and com-  
mittees in Canada are preparing for  
the World Day of Prayer service  
which is sponsored by the Women's  
Interchurch Council of Canada. The  
Order of Service on the theme "God's  
Love for the Whole World," will be  
used in Canadian cities, towns and  
rural communities; in English,  
French, Indian, Eskimo, Japanese and  
Chinese.

The 1962 service, prepared by a  
committee of church women in Uru-  
guay, South America, will find its way  
in many languages and dialects to  
groups of women for services in com-  
fortable North American churches, in  
historic European cathedrals, in divid-

ed Berlin, in villages under trees in  
chaotic Africa where newly literate  
women will carefully spell out the  
words; in mission schools in Indon-  
esia, in refugee settlements in Hong  
Kong. They will begin with dawn in  
the South Pacific and end at sunset  
in Northern Canada.

On that day prayer will join togeth-  
er in unity the Christian women of  
the world. Their offering, which in  
1961, broke all records, will go to  
help the world's refugees; to produce  
Christian literature for the non-Eng-  
lish speaking people in Canada, for  
women and children in developing  
countries around the globe, and,  
through the John Milton Society and  
the Canadian National Institute for  
the Blind to produce more literature  
in braille.

"More things are wrought by  
prayer

Than this world dreams of?"

Join the women of your community  
— and the world — on March 9th in  
prayer that the love of God may fill  
hearts and minds and bring peace to  
the individual and the world.

6.30 p.m., following which Rev. Flem-  
ing opened the meeting with prayers.

Rev. Fleming gave a summary of  
the year's work, also thanking Ward-

ported for the W.A. and Diocesan  
Budget Appeal, which had been paid  
in full. These reports all showed  
balances.

Rev. Fleming most sincerely and  
graciously expressed thanks and ap-

ten years of service as his Warden  
and on his retirement appointed Mr.  
Harry Geen.

of thanks and appreciation to Rev.  
and Mrs. Fleming, Wardens, organist  
and caretakers for their sincere and

## Mrs. Roy Tucker Hostess To River Valley W.I.

On Thursday despite cold weather,  
twenty-one members of River Valley  
Women's Institute and one visitor  
were in attendance at the home of  
Mrs. Roy Tucker.

A flowering African violet graced  
the President's table. Mrs. Glenn  
Bush distributed the Home and  
Country winter edition.

Mrs. Kenneth Myers presided and  
opened with the Institute Ode and the  
Mary Stewart Collect. Mrs. Philip  
Conley was pianist.

Mrs. George Heasman gave a full  
financial report of the recent barn  
sale. The District fees have been  
forwarded to Mrs. Harry Coulter. Our  
adopted child is Gunther Gerich and  
the field worker says he is deserving  
of assistance.

A letter from the F.W.I.O. Presi-  
dent was read in full and covered  
many important items. One of these  
was the plans for an International  
Scholarship Fund which will annually  
provide the financing of a young wo-  
man from Canada to go to the emerg-  
ing countries and thus teach women  
and young girls the same things  
which women in Canada accept so  
freely from their organization. This  
is a special effort for our 65th anni-  
versary year and all branches in On-  
tario are asked to be generous and  
thus build bridges of friendship in  
other parts of the world.

Later a discussion followed and the  
Treasurer was authorized to forward  
immediately to F.W.I.O. the sum of  
one dollar per member for this special  
anniversary fund; also ten cents per  
member for the Adelaide Hoodless  
Homestead Fund and one dollar  
year's contribution to the National  
Foundation Fund of F.W.I.C.

Mrs. Glenn Bush and Mrs. Ernest  
Carr and their group volunteered to  
houseclean the kitchen.

The summary day for the recent  
training school, "143 Pounds of Meat"  
will be held next Thursday and will

be very worthwhile. The newly ap-  
pointed Home Economist for Hast-  
ings County will be Miss Margaret  
Hunt, of North Simcoe.

The officers' conference on Insti-  
tute procedure, sponsored by West  
Hastings District, will be held Wed-  
nesday, March 7th at River Valley  
School kitchen with two sessions,  
morning and afternoon. Mrs. James  
Haggerty, Napanee, newly elected  
President of the Federated Women's  
Institutes of Canada, will conduct the  
conference. Each of the eight branch-  
es are asked to send their President  
and Secretary-Treasurer, or alternat-  
es. Other interested members are  
welcome. Each delegate provides her  
own box lunch and brings her hand-  
book to this meeting. The beverage  
will be provided.

Mrs. Glenn Bush reported for the  
4-H Club Girls. An honorarium was  
voted to the leader and her assistant,  
Mrs. Philip Conley, and they were  
given an ovation for their efforts.

The Friendship Link Secretary  
synopsized a clipping of a meeting of  
Abbot's Leigh W.I. in Bristol Eng-  
land. Mrs. George Heasman received  
a letter from her pen pal, also a  
picture of the drama club. One of the  
group was Mrs. E. Coombs, of Abbot's  
Leigh W.I.

Mrs. Clarence Chard demonstrated  
some lovely designs of maple leaves  
and white trilliums.

On March 1st Mrs. Kenneth Myers  
will be hostess for the meeting on  
"Citizenship." An invitation has been  
forwarded to members of Trent River  
Bridge W.I. to be our guests at that  
meeting.

The President read several thank  
you letters.

Mrs. Roy Tucker, A.C.W.W. con-  
vener, gave a message on the North  
Carolina Home Demonstration Con-  
cert and their annual tour to the Unit-  
ed Nations. She collected "Pennies  
for Friendship" and reported \$1.12 for  
January. The usual Institute collec-  
tion was also gathered at this time.  
Programme

Mrs. Roy Irvin presided over the  
programme and all enjoyed a sing-  
song. Roll call brought out special  
items re "A girl of today and her  
mother of yesterday" and told of ad-  
vantages and disadvantages.

Mrs. Ernest Carr introduced Mrs.  
Percy MacMullen, President of West  
Hastings District W.I., who was mak-  
ing her official visit.

Mrs. MacMullen has been a mem-  
ber of River Valley W.I. since June  
1947 and is now Public Relations Of-  
ficer of her own branch.

In her address she thanked River  
Valley for the opportunity to attend  
the Guelph Conference where she  
learned more of this great organiza-  
tion and its ideals. She voiced con-  
gratulations on their acceptance of  
adopting a child and the contribution  
to the Anniversary Scholarship Fund.  
This showed that the members were  
alert to the trend of today's thinking  
and she also spoke of the wonderful  
leadership given by the F.W.I.O.  
President, Mrs. L. G. Lymburner.  
Congratulations was extended to the  
4-H Club Girl leaders and she ex-  
plained why she was absent on  
Achievement Day.

Mrs. MacMullen gave a series of  
suggestions that the 1961-62 conven-  
ers might find of value when they  
met in April to arrange programmes.  
She stressed the value of food and  
nutrition as studied at the recent  
workshop.

At the district annual in the spring  
each branch will be asked to bring in  
their "Pennies for Friendship." This  
will be taken by the F.W.I.O. Presi-  
dent to the Triennial Convention in  
Melbourne, Australia in October.

Mrs. Edgar Hay-Ellis read a humor-  
ous selection entitled, "The Mind of  
Professor Pinegrove." Mrs. Glenn  
Bush read current events, which had  
been prepared by the assistant con-  
vener, Mrs. Jack Bush. This covered  
a wide range of subjects and was  
most interesting. It was decided that  
these be preserved in the Tweedsmuir  
History Book.

The meeting closed with the Queen  
and the Institute Grace, after which  
the Citizenship group served light  
refreshments.

Mrs. Sheldon McIntosh voiced  
thanks for hospitality, address, pro-  
gramme and lunch.

## White Cane Week Feb. 4th to 10th

"Blind persons have no mysterious  
sixth sense," stated Mrs. J. T. Patter-  
son, President of the Canadian Coun-  
cil of the Blind. She was explaining,  
in a special White Cane Week mes-  
sage. The Week of February 4th to  
10th is an annual education period  
never associated with fund raising,  
sponsored by the Canadian Council of  
the Blind and the Canadian National  
Institute for the Blind.

"Instead of a sixth sense, blind  
people develop their four remaining  
senses. They listen harder, concen-  
trate keenly and use their ingenuity  
to make up for sight," she said.

Mrs. Patterson told of one blind  
mother whose small son did not like  
to tie his shoe laces. The boy could  
never understand how his mother  
knew when the laces were undone —  
she could hear the metallic lace tags  
on the floor every time the youngster  
moved.

"Blind people do not always recog-  
nize your friendly 'hello,'" Mrs. Pat-  
terson said. She explained that many  
sighted people are disappointed when  
the blind person does not recognize  
their voice. "Give your name in your  
first sentence and save the blind per-  
son the nervous strain that comes  
from groping in his mind for an iden-  
tifying note."

Mrs. Patterson exploded another

myth. "Not all blind people are total-  
ly blind. Some blind persons see a  
little," she said. They may see  
through a mist or with an extremely  
small area of vision in one part of the  
eye. "It is not useful vision. The  
partially sighted, as they are called,  
go about well and some can read a  
little, but when good vision is needed  
for employment, their sight is not suf-  
ficient. They are sometimes worse  
off than we who are totally blind,"  
Mrs. Patterson said.

"Think What the White Cane  
Means!" It means more than a cane.  
To the blind it is a morale builder  
and the symbol of a freer life. To the  
sighted it is a reminder that the blind  
have no special powers. They will be  
glad of a guiding hand at street cross-  
ings, and a moment's conversation.  
Even if they are partially-sighted  
there will be many a tight spot when  
they will be glad to borrow your good  
vision.

### In Memoriam

IN LOVING MEMORY of Allan Johnston and Jack Johnson, who passed away one year ago.

And while they lie in peaceful sleep Their memory I shall always keep.  
49-1p —Joe Hagerman

JOHNSON — In loving memory of a dear son and brother, Jack Johnson, who passed away suddenly February 10th, 1961.

We little knew when we woke that morn

The sorrow the day would bring. For the call was sudden, the shock severe

To part with one we loved so dear. Sometimes it's hard to understand Why some things have to be.

But in His wisdom God has planned Beyond our powers to see. God gave us strength to fight it.

And courage to bear the blow; But what it cost to lose you dear, No one will ever know.

— Lovingly remembered by his family. 49-1p

JOHNSTON — In loving memory of Allan, who passed to his rest on February 11th, 1961.

He has solved it, life's wonderful problem.

The deepest, the strangest, the last. And into the school of the angels

With the answer forever has passed. How strange he should sleep so profoundly.

So young, so unworn by the strife, While beside him brimful of hope's nectar

Untouched stood the goblet of life. God knew all about it, how noble,

How gentle he was and how brave, How bright his possible future.

Yet put him to sleep in his grave. God knew all about those who loved him.

How bitter the trial must be, And right through it all, God is loving

And knows so much better than we. — Sadly missed and lovingly remembered by Mom, Dad, Janet and Grandmother. 49-1p

##### Elaines Edge Merchants

A hard skating Elaine squad outscored a battling Stirling Merchants team at the local arena on Thursday last by a 9-6 count.

Elaines jumped into a 4-1 first period lead and led 8-4 going into the final stanza.

Wright led the Elaine attack with no less than five goals. Mason with a pair, Clarke and Al Kinton with one each were the other scorers. Anderson had four for the Merchants, with

Scott and Bob McCrory one each.

The game was marred by a second period fight between Merchants' Hannah and Wright. Wright suffered a deep cut on his chin. A wild donnybrook between Bird, Doug McCrory and Hagerman brought the game to a close.

##### Defeat Holloway

Stirling Merchants won their first game of the season, edging Holloway 4-2. Holloway led 2-0 at the end of the first period.

The Merchants, led by Gerry McGee's three goals and Anderson's single, won the game.

#### Elaines Down

##### Springbrook

Stirling Elaines showed a great come-from-behind finish to upset a hard checking Springbrook aggregation 9-5 in a league tilt at the local arena on Tuesday.

Gary Mason sparked the Elaine attack with four goals and two assists. Bob Clarke had two counters and 3 assists, while Wright got two goals and as many assists. Doug McCrory fired the odd tally.

Elaine opened the scoring with Wright hitting the twine. Springbrook fought back fiercely and went ahead 3-1 at the end of the first period.

Springbrook hit again early in the second, but Wright got one back with Clarke assisting. It stayed that way until the dying minutes of the period when Elaines popped four fast markers into the net behind Andrews.

Mason and Clarke each scored twice in this tally.

Mason and McCrory fired home third period goals. Bob Stiles scored Springbrook's lone goal. Springbrook drew the only penalty.

## OF MANY THINGS

(By Ambrose Hills)

### IN TIMES OF CRISIS

How to live in a time of crisis? This is the question one hears most often in these unsettled times, with bad news flashed at us on the hour every hour.

Some men escape the tension of the times, or try to, by hard concentration on the daily details of life — the morning shave, the office mail, the chores that must be done. It helps. Such concentration is useful. Yet it is not enough.

Man has a great deal of leisure nowadays. It isn't spent in meditation, though; it is more often used up in a hectic search for distraction. Even grandfather, who used to sit in his rocker and puff quietly on the old corn cob, is busy now switching from one TV channel to another.

Every civilization which has risen to a high peak has gone through a period much like this one. All grand cultures seem to have within them the seeds of their destruction; or they tempt barbarians to destroy them. Remember the Chinese Wall, the Roman roads, Memphis and Babylon?

Our present civilization, based on Christian values, on the relatively new (as history goes) idea of the personal dignity of the individual, is now challenged on a broad front. A society, ruled by men who scoff at

the idea of a personal God, has boasted that we are softening up, that we are ripe for conquest, that they'll rule us and all the world within the next ten or fifteen years.

Can we go on, then, as we are? Is it enough to try to bury ourselves in the daily chores, or to immerse ourselves in hectic activity?

No, it is not. If you can believe the mental health statistics, it is far from enough. We cannot bury our heads like ostriches. We have to build our civilization on a higher plane. We cannot stop here, or we are done for.

There must be, for each of us, if we are to have health and peace of mind, a personal re-dedication to the Christian values which created our civilization. We seem to have forgotten the divine potentialities of the individual man. Carlyle said, "The great law of culture is let each become all that he was created capable of being."

We have been blind, as were the people of the Roman empire and other cultures. We have been placing our faith in the daily details, and in men or events, rather than in the spiritual strength to which we once turned so often. Without such a re-dedication, our future has no logical promise.

## The New Birth

(A sermon by Rev. Bob Donnan)

Today, I would like to bring a few thoughts to you concerning the "New Birth." Immediately you say its all Greek to me, I don't understand this terminology; I understand my birth into this world, but why the "New Birth." Perhaps you would ask the same query as Nicodemus asked: "Can I be born twice?" Jesus answered Nicodemus by saying "Except a man be born of water and of Spirit, he cannot enter into the Kingdom of God, that which is born of the flesh is flesh, and that which is born of the Spirit is Spirit. The Psalmist David said, "In sin did my mother conceive me." You must remember that you don't teach your children how to be bad, they know and pick it up very easily. It is in their very nature. Jesus died to give us new life, and a new nature. Jesus said, "No man can enter into the Kingdom of God until this transformation takes place. All our righteousness is as filthy rags, we must be clothed in the righteousness of Jesus Christ."

We now see the absolute necessity of the New Birth. The philosophy of man cannot save, if it could the Greeks would not have come to the disciples and said, "Sirs, we would see Jesus." With all of their learning there was still an emptiness in their hearts. Their culture failed to meet the fundamental needs of the human heart. The Greeks paraded their wealth, comforts, education and ideals with an air of superiority yet underneath was the same age-old emptiness. Their hot-air heating systems did not warm their spirits. Their bathtubs did not cleanse their hearts. Their many-course dinners and delicacies from foreign lands did not feed their souls. Their great universities did not make them kinder and happier. Deep within the heart of the whole heathen world was a longing for something better. Is the modern world any less empty or unsatisfied than the world of that day? Surely, it is not. On the whole, our colleges make it possible for us to earn bigger salaries but do not make us better people. Our luxuries and gadgets make life easier but not happier. Our many pleasures stir our emotions and give us a thrill, but do not leave us relaxed or better able to face our problems. What are you seeking? In one year doctors write 40,000,000 prescriptions for tranquilizing drugs and to say nothing of the liquor which is bought and consumed to wash them down. You are trying to satisfy the deepest longing of your soul, but you don't know how to do it. You crave for security so you go out and make money. You demand relaxation and try to forget your troubles so you go out and get drunk and in so doing you are only teaching your troubles how to swim. Friend, you really need God. You need Heaven but you're satisfied to so live that you will go to Hell. You need salvation for your dying soul but you love your sin too much to forsake it. You are spiritually hungry, so you fill your stomach. You long for peace so you drug yourself with pills. The Greeks said, "Sir, we would see Jesus." They wanted to meet Him personally. Friend, that is exactly what you need. You need to be saved. You need a transformation in your life. You can't reform yourself, come just as you are, God will change your life completely.

John Wesley, the founder of Methodism, graduated from Christ Church, Oxford, with distinction, went out as a missionary to America to tell others about Jesus Christ without knowing Him himself. He was blind to the fact that he needed this transformation or "New Birth" until

he met some people who had something he didn't have. John Wesley finally met Jesus personally in a little prayer meeting, May 24th, 1738. The only way that he could explain the transformation that took place when he met Christ was that his heart was strangely warmed. He felt the love of Christ pervade his whole being. Oh my friend, you can't help but know when this transformation takes place, old habits and ways will pass away and behold all things will become new.

Maybe you have been an honest seeker, you have tried everything such as joining a church, joining a club, working for the church, but there is still an emptiness, a longing within your soul, I would encourage you to try Jesus. He is all that you need. You don't have to hope that you will make it to Heaven, you can have the assurance now, this very moment, if you will but humbly confess your sins, then Jesus will come in and abide with you forever and ever.

## One-Act Play Festival To Be Held At Deep River

A One-Act Play Festival, sponsored by the Eastern Ontario Drama League will be held in the Community Centre at Deep River on May 2nd, 3rd, 4th and 5th. Deep River is on the Ottawa River and on Highway 17, one hundred and twenty-eight miles northwest of Ottawa. The Festival is open to anyone in Eastern Ontario region and membership in Eastern Ontario Drama League is not necessary. It is confined to One Act plays to give small groups with limited financial resources a chance to participate. Plays may be presented either in English or in French. Information concerning the Festival is available from the Secretary, Miss Joan Lambert, Deep River Community Association Inc., Deep River, Ontario. Entry deadline is March 1st. Visitors who do not participate will be welcome also.

The Eastern Ontario Drama League is offering cash awards of \$75.00 for the best and \$25.00 for the second best play. An additional \$25.00 will be given if either of the winning entries is a Canadian play. Other awards will be made to the best Director, best actor and actress, best supporting actor and actress and best visual presentation.

This year's Festival is the outcome of the successful one held at the Ottawa Little Theatre in 1961 under the same auspices. Twelve groups participated then, seven from the Ottawa area and one each from Kingston, Cornwall, Smiths Falls, Appleton's Corners, and Deep River. The adjudicator was Peter Symcox, of New York and the winners were Fisher Park Community Theatre of Ottawa who presented "Hello Out There" by William Saroyan. Runner-up was La Salle Academy with "La Grammaire" by Eugene Labiche. Last fall the Fisher Park Group participated in the Central Ontario Festival at Hart House Theatre, in Toronto, and won top honours.

## I.O.D.E. To Observe Founder's Day

The Imperial Order Daughters of the Empire (I.O.D.E.) will observe Founder's Day on February 13th, which will mark their sixty-second anniversary.

It is the first women's organization to have as their project, the building of Community Halls in the Far North. One has been completed in Frobisher Bay in the Eastern Arctic; a second one in the Western Arctic at Tuktoyaktuk is at present under construction, and plans are now under way for a third hall in the Central Arctic at Baker Lake.

The Order was organized in 1900 by Mrs. Clark Murray, of Montreal, and now has 975 chapters reaching from the Yukon to Newfoundland. It co-operates with the National Chapters of the I.O.D.E. in Bermuda and the Bahamas. It is associated with the Victoria League in England, and the Daughters of the British Empire in the United States.

Thirty-one thousand voluntary women comprise the membership who raise and disburse over one million dollars annually.

One third of a million dollars is spent on education. During the past year 2,022 schools were assisted, and 1,290 scholarships, bursaries and grants were awarded; fifty-six schools in the Far North have received over 1,600 Prize Books. In the Federation of the West Indies and British Honduras, forty schools have been adopted by I.O.D.E. Chapters.

\$78,000 was awarded from I.O.D.E. First and Second War Memorial Funds to provide fifteen Overseas Post-Graduate Scholarships of \$2,000 each, and thirty bursaries in Canadian Universities to the value of \$1,600 each for children of Canadian War Veterans.

In the field of service, half a mil-

lion dollars is spent annually: Four hundred thousand dollars (\$400,000) in Canada and one hundred thousand dollars (\$100,000) on supplies shipped to Europe, Africa, Korea, the West Indies, Hong Kong and India. Thousands of knitted and sewn articles of clothing and quilts are made by the members, for distribution, and Chapters have undertaken the sponsorship of destitute and refugee children.

By its diversity of interests, the I.O.D.E. offers a satisfying outlet to any woman who is a Canadian citizen or British subject, and who would like to be a member of a patriotic and non-sectarian organization.

## The Good Driver

Lord Acton's judgement that "power corrupts and great power corrupts greatly" seems to be true in the man and woman who sits behind the wheel of a modern multi-horse-powered automobile.

Just as there are many who failed in the exercise of political or economic power, so there are many who fail in the proper use of power which is conferred on them by a driver's licence.

As with other sins, it is easy to blame the stars or one's luck. It was the other driver, or a poor highway, or faulty brakes. It is always the fell clutch of circumstances.

Of course, it is true that the "breaks" are against us sometimes. But more often we fail to observe the rules of careful driving and often we

fail to rule our own temper and our own mood.

We let the crowded lanes choke the serenity within us; we permit the exhaust fumes and the impatient horns to mute our native courtesy.

We allow the fear of being late to drive us into the crazy gamble of venturing a life for a paltry few minutes.

Often we let the steady purr of a high compression motor, lull us into forgetfulness of a truth which it is death to hide; namely that every person who holds a steering wheel guides a mighty missile, projects a two-ton bomb at high speed on areas heavily populated with precious human beings.

Constant courtesy, unfailing patience, and eternal vigilance are the necessary balance wheels of such heavy responsibility.

Each of us has the solemn duty to eliminate the careless and temperate habits which, harnessed to a six or eight-cylinder car, can become a veritable atomic engine of destruction. Only the one in the driver's seat can be master of himself.

Our sages asked, "who is content?" The answer they gave was, "He who reigneth over his own spirit." Rabbi Jacob J. Weinstein, quoted by the Ontario Safety League.

Canada's 2,500,000 farms used some \$16-million worth of electricity last year to improve their working and living conditions.

## NEWS FOR THE BUSY FARMER

### FERTILITY PROGRAMME FOR FEED GRAINS

According to noted soils authority with the Ontario Department of Agriculture, an increase in Ontario's feed grain production is within reach.

"The answer doesn't lie in seeding more acres to coarse grains next spring, but rather in higher yields per acre," according to Professor N. R. Richards, Head of the Soil Science Department at the Ontario Agricultural College.

The first step toward higher yields is to use fertilizer on more acres or at a higher rate, believes Professor Richards. He says that the average yield of oats in Ontario is about 50 bushels per acre. But some farmers get 90 bushels per acre, and many farmers get an average of 70 bushels per acre. They rely on good management practices along with adequate fertilizer.

If your yields average 60 to 70 bushels without fertilizer, he states that you can afford to start using fertilizer. On 50 farms tested, where yields averaged 68 bushels without fertilizer, six dollars worth of fertilizer returned a net profit of \$3.00 per acre. This is an increase of 12 bushels or about 15 per cent.

The greatest potential for increased yields from fertilizer is on the farms that average 40 to 50 bushels of oats per acre. Fertilizer on these acres will provide an increase of 25 to 30 bushels or more. On land that produces 50 bushels per acre or less, fertilizer will give you a 50 per cent increase in your feed grain for 1962. At the same time you will get a return of \$1.50 for every dollar invested in fertilizer.

Increasing yields with fertilizer is not simply a matter of putting it on the field, says Professor Richards. Maximum returns from fertilizer only occur when you apply the right nutrients in the right amounts. And this makes soil testing a must.

Professor Richards says that other factors are just as important in economical production of feed grain. Adequate drainage and the use of new and improved grain varieties all help to increase yields.

### SCHOOL MILK PROGRAM NO ANSWER TO SURPLUS

Even if Canada were to carry out an extensive subsidized school milk program, the result would not substantially reduce the amount of milk going into the manufacture of dairy products — but it would help some under-nourished children.

A long-term policy of development aided by large grants has brought school milk consumption in the United States up to four percent of total fluid sales for the country.

These are some of the conclusions reached by L. E. Drayton, S. E. Kidd and D. W. Oke of the Economics Division of the Canada Department of Agriculture, who recently concluded a study on school milk plans.

School milk programs don't just happen — they require intelligent and enthusiastic leadership, say the authors. In Windsor, Ont., the one city of four surveyed where dairies have long been active in promoting milk service to schools, the participation rate of 30 per cent and the consumption rate of 2.3 ounces per child enrolled, appear to be the highest in Canada.

The proportion of the local commercial market for fluid milk which is

filled by school milk programs ranges from 1.6 percent in Windsor to 1.2 percent in Ottawa-Hull and also in Montreal, and 0.4 percent in Edmonton. In British Columbia it was estimated that half of the school population is in schools with milk services, and these services account for 0.7 percent of the total market in the province.

School milk programs may be beneficial to both the dairy industry and to children, say the economists. It is evident that many Canadian school children have inadequate diets and low milk intake from the nutritionist's point of view, and a school milk program that could reach such children would be beneficial.

From the industry's point of view the milk program could foster the milk habit in the future adult and it could actually increase total sales of milk in an area. Such an increase, however, would be a negligible factor in diversion of fluid milk from the manufacture of other dairy products because of the small volume involved.

Other factors come into consideration of any such program: What kind of distribution system to use and when to issue milk; size of container; competition from other beverages; use of flavoured milk; price charged and income of the area served.

In view of Canada's mounting milk production and the difficulty in marketing some dairy products the report will be studied with interest by the dairy industry. Entitled "School Milk in Canada," it is being made available to interested persons by the Economics Division of the Canada Department of Agriculture in Ottawa.

### Timely Tips

Make it a point to be around at farrowing time, reminds Garnet Norrish, Ontario Agricultural College swine researcher. Extra time spent during this critical period will pay off in bigger litters and healthier pigs. Clip needle teeth and paint navels with tincture of iodine. If the sow can't nurse all the pigs, remove some to another sow that farrowed the previous two days.

Don't forget to pick up your copy of the new Ontario Department of Agriculture publication, "1962 Field Crop Recommendations for Ontario," advises Stan Young, crops specialist at Ontario Agricultural College. This booklet lists all the latest crop information and will be available at your County Agricultural Representative's office.

Have you checked the terminals on your battery lately? If they are badly corroded, you might be interested in these clean-up ideas from Hal Wright, Ontario Department of Agriculture extension specialist. Wash the top of the battery and connections with baking soda solution, and rinse with water. Remove the terminals and clean them inside and out with a soft rag. Don't scrape or sandpaper them, because acid could fly into your eyes. Finally, clean battery posts, re-install terminals and coat all exposed surfaces with light grease.

Now's the time to watch for signs of pregnancy disease in ewes. Give ewes a half hour of exercise a day, suggests Dr. Howard Neely, Ontario Veterinary College. Feed all the good

alfalfa hay they will eat, and at least a pound of grain per day.

### Cooking Comments

Beat 1 cup grated Canadian Cheddar cheese into 2 cups of hot mashed potatoes. Serve the above mixture in split weiners spread with mustard, suggest food experts with the Ontario Department of Agriculture. To brown the frankfurters, broil in the oven for a few minutes.

To break down the tough muscle fibres of the less tender cuts of beef, roll the piece in flour and pound it with a mallet or the edge of a plate. The flour helps absorb and preserve the juices released by pounding.

Try adding cubed turnips to tasty meat soup or stews, suggest the food specialists with the Ontario Department of Agriculture. Pork and turnip go particularly well together.

In even the best meal planning, leftovers are sometimes a problem, but leftover meat is delicious when added to omelets.

### CONSERVATION NEWS

#### THREE LITTLE BEARS

A farmer in the Griffith area while cutting timber on his property disturbed a mother bear in her den. Investigating further he discovered three tiny young bears, their eyes not yet open, and their bodies only lightly covered with hair. The mother when disturbed made a hasty retreat from the area and was not seen again, and as a result the farmer turned the three little cubs over to the Department of Lands and Forests.

The total weight of these three little animals was less than three pounds and are less than eight inches in length.

A new home for these orphaned cubs was soon found at the Riverdale Zoo in Toronto. Here they will have the expert care of the zookeeper and his staff.

Although bears are now classified, as game animal and protected by law, farmers may still destroy them when they become a nuisance on their own property.

#### ALBINO BEAVER

A district trapper from Queensboro called local officers to show them a snowy white beaver he had taken from one of his traps. The animal was of medium size and the fur is of good quality.

#### THE ORIGIN OF THE JACK LIGHT

Jack lighting of game is not only illegal but very dangerous. An incident occurred recently in Tweed when a bullet broke a window in a room where two young children were sleeping and lodged in the wall. This was the result of some one "jack lighting" rabbits at 11 o'clock at night. Another shot was found on the outside wall of the house when further investigations were made.

Everett Ferguson, officer in charge of the Department of Lands and Forests Office at Napanee, says that the term "jack light" stems from a practice carried out years ago for taking fish at night. A metal basket, often made from buggy irons, was attached to the bow of a boat by means of a 2 or 3 foot bar. Jack pine knots

### Seat Belts Advantages Stressed By Motor League

A seat belt can greatly reduce your chances of serious injury in a traffic accident, according to the Ontario Motor League, which urged motorists in Ontario to have seat belts installed in their cars and use them.

The OML quoted an Indiana study of 495 fatal accidents which showed that 47 per cent of persons killed were ejected through the door of the car. It emphasized that seat belts prevent this danger as well as the possibility of being thrown against the windshield or other unyielding objects in the car.

"Seat belts are especially effective in crashes at moderate speeds," said the OML, "and it is important to note that 45 per cent of all fatal traffic accidents occur at speeds under 40 m.p.h. The effectiveness of seat belts at high speeds is more doubtful. But, even if a person is driving at a high speed when a crash appears imminent, he frequently reduces his speed substantially before the collision occurs."

Quoting accident records in 22 states, the OML said that seat belts were responsible for one-third to two-thirds fewer injuries and up to four-fifths fewer deaths. In addition to the safety factor, the OML said seat belts greatly add to the comfort and driving efficiency of the motorist. A seat belt helps to hold the driver in place on turns, in overtaking and passing, and on rough roads, said the OML. It will also reduce driver fatigue.

The OML opposes legislation making seat belts mandatory, but commended auto manufacturers for their decision to install suitable seat belt anchoring devices in future models.

### 1962 Car Buyers Offered More Models Higher Prices

Canadian car buyers can choose from 400 models of American made cars, ranging from \$2,080 to \$7,790, according to John Dalrymple, in the January issue of Liberty.

More than 50 new models are on this year's market due to the arrival of the intermediate size car, which fills the gap between the shorter standards and the longer, more luxurious compact. The intermediates are in the \$2,400 price range.

"Drafting rooms in Detroit, Windsor, Oshawa and Oakville designed the intermediate car to give the public the economical family sedan. This resembles the car you used to buy back in 1951, before cars became sex

symbols, and two-tone, two ton titans," said Dalrymple. Standard models have few cosmetic changes. The protruding tail fins have vanished, and on some, bumpers have been set back into fenders and grilles.

Compacts have become, "deluxe, luxury compacts", with watered-down sports car features, like make-believe bucket seats, floor mounted hydraulic shift levers and even tachometers.

Because Canadian buyers are so gadget happy, one manufacturer has included a utility socket on the dashboard, to power all the extras that car owners cherish, such as electric shavers, portable refrigerators and even bottom-coolers.

A bottom-cooler, incidentally, is an upholstered mesh seat pad with built in fan for the ultimate in cool comfort on hot days.

## LEGION NOTES

The Legion Membership Night was a great success. Over 70 veterans gathered at the Legion Hall last Friday evening to enjoy a delicious pot luck dinner and smoker.

The dinner was of such proportions that several comrades were noted making their third trip to the buffet. The great variety of delicious scalloped potatoes, beans, salads, macaroni and cheese, pies, and so forth started the evening off on the right foot.

Padre Downing said grace and the veterans were welcomed briefly by Branch Membership Chairman, Doug Patterson.

Following the dinner, the meeting was opened in the usual manner by Comrade President Gil Finkle, assisted by Sgt.-at-Arms Blake Faulkner and Colour Bearers Wm. Reynolds and Arthur Hagerman. Membership Chairman Doug Patterson extended a welcome to all comrades and veterans and added a few words regarding Legion membership.

The meeting was turned over to Comrade Fred Houchin who acted as master of ceremonies for the evening. Comrade Houchin explained that it had been the intention of the branch to honour one of its members, however, it had not been possible to arrange for the comrade to attend. This matter will be dealt with at the first opportunity.

The balance of the evening was devoted to an old-time smoker in which several members of the branch and visitors took their turn in entertaining those assembled. The programme was a great success with much credit going to Comrade Houchin who kept things going.

As a result of the membership night some 16 new comrades have been welcomed into the branch to date, and it is expected that this number will increase in the next few days.

It is now expected that the total branch membership will be increased at least 40 percent to 50 percent. Any veteran who is desirous of becoming a member is asked to contact the Membership Chairman Doug Patterson. All veterans are welcome at the branch at any time regardless of whether they are members or not, however, it is the hope of the Legion executive that all veterans will see fit to join and lend their voice and energy to the Legion.

President Gil Finkle has announced that the regular monthly business meeting of the branch has been postponed from Tuesday, February 6th to Tuesday, February 13th, 8.15 p.m.

All members are again reminded of the forthcoming Legion Skating Party which is to be held at the Legion Arena on Friday, February 23rd. All Legion members and their families are invited to attend and enjoy an evening of skating.

Plans are being furthered for the forthcoming Legion Ice Carnival. For further details readers are asked to note the announcement in the Coming Events section of the News-Argus.

## High School "At Home" Draws Capacity Crowd

(By Margaret Hommersen and Eddie Svoboda)

On Friday evening, February 9th, Stirling-Rawdon District High School held its Annual "At Home," the theme for which was "Around the World in Eighty Days." On the walls of the gymnasium were many beautiful pictures depicting life in different countries throughout the world. On behalf of the students, we must commend Lytle Couch, Helen Morrow, Audrey Stapley and Janet Murray for their time and efforts spent for our pleasure in drawing these pictures.

Principal and Mrs. J. L. Good, Dr. R. B. Murray, Chairman of the School Board, and Mrs. Murray, Mr. John Sheridan and Mrs. Sheridan, Honorary President of the Students' Council, Lytle Couch, President of the Students' Council, and his partner, Carol Beckett, Anne Reid, Vice-President of the Students' Council, and her escort, Bernard Beckett, formed the Reception Committee.

On hand to provide the music was George Potter and his Orchestra, of Warkworth. During the evening Mr. and Mrs. Robt. Philp, Harry McAdam and Eleanor Bailey were the winners of the spot dance prizes.

For the first time a "Queen of the Formal" was chosen. Midway through the evening Helen Morrow was crowned, and presented with a bouquet of lovely red roses. Elected as Princesses were Carol Beckett, Dorcen Broadworth, Anne Reid and Patsy Spencer.

One of the highlights of the evening was the delightful lunch prepared under the direction of Mrs. Francis Lyons.

The Students' Council regrets that some of the guests brought alcoholic liquor into the school, and consumed it there during the evening. This was the only blot on an otherwise most enjoyable "At Home."

## Plenty of Action In Industrial League

Elaines Swamp Merchants

At the local arena on Tuesday night a young hard-skating Elaine crew whitewashed the more experienced Stirling Merchants to the tune of 8-0. The Merchants played a much better game than the score indicated and even outplayed Elaines in the first stanza, but many dazzling saves by Craighead in the Elaines net saved the day. Craighead registered his first shut-out since playing Pee Wee and claimed the puck at the end of the game as a keep-sake. Ross Ray played spectacularly in the first period, robbing Elaines on more than one occasion. Merrie Woods fired the only goal of the first period.

Elaines added three more in the middle stanza and four in the third. Mason (2), Wright (2), Clarke, Hagerman, Woods and Noble handled the scoring for Elaines. Only two penalties were handed out, Scott for tripping and Bird for roughing.

A large crowd in attendance witnessed a good brand of hockey and with the play-offs drawing close all the teams will be going all out for playoff positions. Turn out and support the team of your choice.

## C of C To Hold Dinner Meeting

W. J. Morton Presided At Meeting Held On Friday Night — Plans Completed

Plans for a dinner meeting to be held March 5th next were discussed at a meeting of the directors of the Stirling Chamber of Commerce on Friday night last.

W. J. Morton presided and E. Burrell acted as Secretary. The matter of securing a caterer for the dinner was left in the hands of Geo. Noble and the Secretary was delegated to make arrangements for a speaker and secure the necessary tickets.

A suggestion was tabled from J. B. Belshaw, Chairman of the Civic Committee, that some type of tourist booth or outlet be provided in the Village. Pamphlets, maps and general information could be made available to tourists and other interested parties. The matter was left in abeyance for action at a future meeting.

Following a discussion of minor items the meeting adjourned.

## Mr. and Mrs. G. B. Bedford Observe 50th Anniversary

Congratulations are extended Mr. and Mrs. G. B. Bedford, Church St., who observed their fiftieth wedding anniversary on Wednesday. A family reunion to mark the occasion was held at the home of Mr. and Mrs. Geo. Striker, Frankford.

Mrs. Bedford is the former Ethel Morrow, daughter of the late Mr. and Mrs. Chas. Morrow, Sidney Township, and Mr. Bedford is a son of the late Mr. and Mrs. Thos. Bedford, of Seymour Township. They were married on February 14th, 1912, in St. John's Anglican Church, Stirling, by Rev. B. F. Byers. They have two of a family, Mrs. Geo. (Marion) Striker, of Frankford, and Thos. Bedford, Trenton.

They resided on a farm west of this village in Rawdon Township until three years ago when they moved to this village. They are members of St. John's Anglican Church. Mr. Bedford, in addition to his farm duties, took an active interest in municipal affairs in his township and served on the Council for several years. He was a member of County Council during his term of deputy-reeve and reeve of the township, and also served for a time on the Stirling Board of Education.

Their many friends join in wishing them continued health and happiness.

## Meighen Rodgers Writes Interesting Account of His European Tour

Following is the story of a European tour by Meighen Rodgers, of West Hill, who formerly resided in the Stirling district, and is now a teacher at Scarborough. Due to its length the article will be published in several parts. This is the third instalment.

An early morning motor trip took us to Assisi, one of the most beautiful hill towns of central Italy, and the home of St. Francis (1182-1226). Towns in central Italy were built on the dry hilltops in order to conserve the fertile valleys for growing crops. The Upper town of Assisi was founded in 100 B.C. In Assisi we toured the Basilica of St. Francis with its beautiful Giotto frescoes and enjoyed our noon meal under a grape-covered outdoor restaurant. From this hill-top one got excellent view of the olive and sycamore trees stretching down the slopes to the Lower town below. Five hundred monks study at the Assisi Monastery.

**Eternal City of Rome**

Leaving Assisi, our route took us on across the Appennine Mountains, along the Via Flaminia, an ancient Roman road, built by Flaminus, across Italy, to the Eternal City of Rome on the Tiber River. The City of Rome is built on seven hills, and has thirteen gates in its fourteen miles of city walls around it. There are many ancient buildings in the city, but very little industry, as it is more of a residential city. It has 502 Roman Catholic Churches to accommodate its large population of Roman Catholic believers.

A sightseeing tour of the city included: the Square of the Republic, Via Veneto, Borghese Gardens, Barberini Palace, Trevi Fountain, Pantheon, Castel San Angelo, Basilica of St. Peter, Square of Venice, Roman Forum, Capitoline Hill, Circus Maximus, St. Paul's Gate, Basilica of St. Paul-Outside-the-Walls, the Catacombs, the ancient Appian Way, the Church of St. Peter-in-Chains, the Vatican Museum, the Sistine Chapel, and the open-air opera, where we saw an outstanding performance of the Aida Opera.

**Vatican City**

The Vatican City is an independent papal state on the right bank of the Tiber River. It covers 108 acres and was created on February 11th, 1929, by the Lateran Pact. The Vatican claims the largest church in the world, St. Peter's Cathedral, which is also the highest building in Rome. It

is 150 feet high, 613 feet long and was consecrated for worship in 609. The church is so designed as to give one an optical illusion as it is much larger than it looks. It is an excellent example of the Baroque style of architecture and depicts the seven planets. The dome, which is 435 feet from the floor, is large enough to contain sixteen sightseers at once, and printed letters in the dome are six feet tall. Sixty-five lights, operated on olive oil, burn day and night around the Altar, indicating that saints are buried beneath. About 190 popes are buried beneath the church; their bodies are carefully embalmed and silver or gold masks are placed over the faces. The coffins are enclosed in glass. St. Peter's body rests at the altar under a huge canopy which is 95 feet high. When the Pope enters St. Peter's Cathedral, 20,000 lights are turned on immediately; these lights are only used when the Pope is in the church.

Frescoes in the side walls of St. Peter's Cathedral were done co-operatively by Perugino, Pinturicchio, Rosselli, Botticelli, Ghirlandaio, and Signorelli. The ceiling of the Sistine Chapel, which is the private chapel of the popes, is covered with paintings depicting scenes from the Old Testament and done by Michelangelo. It took him four years to paint the ceiling, from 1508-1512. During these years of constant work he refused to be disturbed by anyone—even upset paint and pellets on the Pope because of an interruption. The Last Judgment painting was done by Michelangelo between 1535-1541. He painted men as being very strong; he liked men as a group, but not singly. He often represented himself in his paintings in a hidden way. He was greatly disliked by his contemporaries.

The Vatican Museum, which was built in 1932, is four and a half miles long and contains the largest collection of ancient art in the world. It also houses 500,000 books, 60,000 manuscripts, and numerous gifts to the various popes down through the years. Our visit to St. Domitilla Catacomb, just outside of the city of Rome, was most interesting. These Catacombs were used by the early Christians as burial vaults, places of worship, and as a refuge from their persecutors. They were plundered by the Goths in 537 A.D. St. Domitilla Catacomb is 10 miles long and built in the form of four floors deep. This catacomb was discovered in 1874 and contained

the graves of 100,000 Christians. The bodies were wrapped in cloth and placed on shelves in the walls of the numerous long, narrow passages which extend in various directions far below the surface of the earth. Many tombstones were on display dating back to the first, second and third centuries. It is believed these catacombs were used until 312 A.D. There are 45 such catacombs about Rome, seven of these were Christian.

The Pantheon Temple, which was built by Emperor Hadrian in the second century A.D. has an open air dome where rain may enter. This ancient building is 142 feet long and 142 feet wide and has mammoth bronze doors. It was built by heaping soil up in the centre; coins were placed in the soil in order to get cheap labour to remove the soil when the building had been completed.

The St. Peter-in-Chains R.C. Church was built in the 15th century. It contains Michelangelo's statue of Moses and also the chain supposedly used to chain St. Peter. Michelangelo depicted himself in Moses' beard. Several tombs are found here beneath the floor of the church.

In early days the tribes were located on the seven hills around Rome and they met in the valley to trade with one another, therefore the valley became the meeting place and Rome grew. The ruins of the ancient Roman Forum are located twenty to twenty-six feet below the surface of present day Rome, therefore Rome does not have a subway and very little deep excavation is done as they wish to preserve the ancient ruins.

The Roman Coliseum, completed in 80 A.D., is a construction of three floors of arches in circular fashion, which took eight years to erect. During performances the entire construction was covered with a silk canvas. Gladiatorial combats were the main attraction.

We departed from Rome by way of the Appian Gate and motored along the blue Mediterranean Sea passing through Terracina, Gaeta, and on to Naples with its beautiful panorama on the seacoast. Here we saw the famous Santa Lucia and Nuova Castles, a few fine, modern buildings, as well as a large slum area. Washing hung across the main streets from one side to the other like so many coloured rags, and people were living in shacks and lean-tos along the streets. This was the only place on my entire tour where I actually saw signs of poverty.

(To be continued)

## Monthly Meeting Stirling W.I.

Pennies for Friendship is very important, but used clothing for the needs seems much more worthwhile. These cold days call for warm apparel for one and all.

On Wednesday morning last the members of the Stirling Women's Institute gathered at the home of Mrs. W. C. West and began quilting their sixth quilt for the Scott Mission bazaar, this winter.

At noon, a delicious pot luck dinner was enjoyed, followed by a meeting which opened at 2 p.m. Mrs. B. Reid, President, was in the chair for the opening exercises. The roll call was answered by "Name a food that begins with your initial, and how it is cooked."

Secretary, Mrs. L. Bronson, read the minutes and correspondence, which included an announcement of the Leadership Training School sponsored by Hastings County Federation of Agriculture; also letter from Mrs. Wilda Waldron, Home Economist, announcing Summary Day for the Local Leader Training School.

The Home and Country winter magazines were passed around and the Public Relations Convener drew the members' attention to several important articles in the magazines.

The matter of procuring more dishes for the Community Hall kitchen was discussed and a local merchant was contacted re this item. The President was placed in charge of this matter.

Mrs. R. Williams was pianist for the afternoon meeting. Mrs. W. C. West presented the various bills for payment and also gave a financial report.

The Secretary gave a summary of what this W.I. has done for charity this year. At Christmas bales of wearing apparel, valued at \$300.00 were sent to Scott Mission. Canned fruit, pickles, one large quilt, and two single bed quilts; also yards of flannellette were made up in baby clothes

and used clothing; also a donation was given to the Salvation Army. This has been issued locally. Many thanks were voiced to the kind people who are continually giving bundles of clothing for the bazaar. Arrangements are being made to send another one. The committee, Mrs. West and Mrs. Bronson, get various phone calls or personal calls from those who are willing to share with others who may be cold and thinly clad. It is only through this way that one finds out the real worth in kind hearted people.

Mrs. R. Williams gave an outstanding paper on Citizenship and Education. "We will have to find ourselves to find means to build schools to meet the need for greater education, to hold our place for expanding opportunities," stated the speaker.

The meeting closed in the usual manner. A dainty lunch of ice cream pie, jello and tea, was enjoyed in the social hall hour.

A hearty vote of thanks was extended to Mrs. West for her generous hospitality by the President, Mrs. Reid.

## General Meeting St. Paul's U.C.W.

St. Paul's U.C.W. held their second general meeting on Tuesday evening, February 6th in the Church Sunday School Rooms with a good attendance present.

Mrs. J. L. Good, 1st Vice-President, in the absence of the President, Mrs. D. Duffin, presided and opened the meeting by reminding her listeners of the purpose of the U.C.W. and prayer. Mrs. Marvyn Scott led in the worship service, choosing as her topic, "What is the Church." After singing the hymn "Where'er Thy People Meet," Mrs. Max Maguire read the Scripture Lesson taken from the 1st Corinthians, chapter 12.

Mrs. Don Rodgers and Mrs. H. Philip favoured the gathering with a duet, "Ivory Towers," accompanied by Mrs. R. Shortt. Mrs. Jack McCaughen read a story, "I Believe in a Church that Serves." This left us with much to think about. The Church always has problems because it is made up of people and people are never perfect. But get them working and we have a great force, which has power to correct evil and foster Christian Fellowship and Intellectual Freedom.

Twelve calls were made and eight cards sent during the month. The usual business procedure followed, also a discussion period.

Mrs. B. Glendinning opened the programme with that much loved solo "My Prayer," accompanied by Mrs. H. Brown. This was followed by a film, "The King's Man," which all enjoyed because it gave us a glimpse of what can be accomplished if the African is given a chance.

The meeting closed with prayer. Group Three served tasty refreshments and a social half hour enjoyed.

## Williams -- Cooney Nuptials

A very pretty winter wedding was solemnized in Springbrook United Church on Saturday, February 3rd at one o'clock, when Beverly Anne Cooney, daughter of Mr. and Mrs. Raymond T. Cooney, of R.R. 1, Stirling, became the bride of John Albert Williams, son of Mr. and Mrs. George L. Williams, of Springbrook.

The Rev. H. Beare, of Roseneath, performed the ceremony, assisted by Mr. H. Pallen, of Springbrook. Miss Doreen Broadworth played the wedding music and accompanied the soloist, Miss Helen Morrow, Stirling, who sang, "Because" before the ceremony and "The Wedding Prayer" during the signing of the register. The church was decorated with white potted plants for the occasion.

The bride, given in marriage by her father, looked radiantly lovely in her street-length gown of white silk organza with lily-point sleeves. The sweetheart neckline and the full skirt were trimmed with sequins, as was the elbow-length veil, held in place with a pearl trimmed crown. Her bouquet was of orchids and camellias.

The maid of honour, Miss Bernice McCurdy, Stirling, was gowned in pink peau de soie satin with matching mittens and white petal hat, and carried a bouquet of white roses.

Miss Joy Cooney, sister of the bride, as bridesmaid, and Miss Jane Robinson, of Belleville, as junior bridesmaid, were gowned in blue peau de soie satin fashioned the same as that of the maid of honour. Each wore matching mittens and white petal hats and carried bouquets of pink roses.

Little Miss Linda Jones, cousin of the bride, of Belleville, dressed in yellow nylon with matching head wreath, and carrying a nosegay of pink sweetheart roses and lily of the valley, was flower girl. Mark Cooney, youngest brother of the bride, was ring bearer.

The groom was attended by Mr. Lynn Johnston, of Kingston, and the ushers were Bob Cooney, brother of the bride, and Terry Hutcheon, of Springbrook.

After the signing of the register the bridal party and their parents received the guests in the church. The bride's mother received the guests, dressed in blue figured crepe with black accessories and wore a corsage of pink sweetheart roses. The groom's mother was dressed in green printed silk jersey with black accessories and corsage of Talisman roses.

All bouquets and corsages were designed by the groom's grandmother.

A reception was held in the church basement for 80 guests. The Junior Adult Bible Class catered and the turkey dinner was served by eight girls of the Sunday School.

The head table was centred by the

three-tiered wedding cake. Pink and white candles and the wedding bouquets completed the decorations. Mr. Pallen acted as toastmaster. Lynn Johnston proposed the toast to the bride, to which John responded. The bride's father invited the guests to their home. Congratulations were offered by the groom's father and Rev. Beare.

The bride's home was tastefully decorated in pink and white and the numerous and lovely gifts were on display as well as the shower presents.

For travelling to Toronto, points west and Kingston, the bride chose a blue wool sheath dress with matching blue accessories, black coat with a corsage of baby orchids.

On their return they will reside near Springbrook.

Guests were present from Trenton, Belleville, Frankford, Plainfield, Tor-

onto, Shannonville and Ottawa. The bride was honoured previously at a miscellaneous shower given by Miss Bernice McCurdy and her mother, Mrs. D. McCurdy at their home.

**In Memoriam**

CARR — In loving memory of a dear husband, Philip S. Carr, who passed away February 19th, 1961.

Beside your grave we often stand, With hearts both crushed and sore, Silent till the sweet words come, Not lost but gone before, God knows how much we miss you, He counts the tears we shed, And whispers "He only sleeps, Your loved one is not dead."

—Sadly missed by Wife Ada and family. 50-1

CARR — In loving memory of a dear father and grandfather, Philip S. Carr, who passed away February 19th, 1961.

When evening shades are falling, And we sit in quiet alone, To our hearts there comes a longing If he only could come home.

Surrounded by friends we're lonely, In the midst of our joys we're blue, With a smile on our lips we've a heartache,

And a longing, dear dad, for you.

—Sadly missed by Leah, Les, Gerald and Carol McKeown. 50-1

CARR — In loving memory of Mr. Philip Carr, who passed away February 19th, 1961. I cannot say and I will not say, That he is dead, he is just away.

With a cheery smile and a wave of the hand, He wandered into that Glorious Land, And left us dreaming of how very fair It's needs must be, since he lingered there;

Think of him still as the same I say, He is not dead, he is just away.

—Ever remembered by daughter Pearl, Mrs. Elick Brummel, Norwood R.R. 1, Ont. 50-1

GIBSON — In loving memory of Percy Gibson, who passed away February 12th, 1952.

So many things have happened Since you were called away, So many things to share with you Had you been left to stay.

Every day in some small way Memories of you come our way Though absent, you are ever near, Still missed, still loved and ever dear.

—Ever remembered by wife Anne, daughters Mrs. Vincent Gibbens and Mrs. Orval Holland. 50-1p

## NEWS FOR THE BUSY FARMER

### SOME IDEAS FOR HIGH CORN YIELDS

Last year Ontario farmers raised grain corn yields to the all time high average of 73.4 bushels per acre. This is an increase of nearly 15 bushels per acre over the previous ten year average.

In spite of the high yields in 1961 some field crops specialists with the Ontario Department of Agriculture feel it is possible that some farmers can raise their corn yield. They say these may help:

- Corn requires good, well-drained soil. Shallow, poorly-drained soil should be kept in sod.

- Plow under a good sod for corn. A heavy alfalfa sod will supply up to 100 pounds of actual nitrogen per acre for corn. A grass sod with little or no legumes present will supply very little nitrogen. Plowing under corn stalks will rob the soil of nitrogen. This means adding extra nitrogen if you grow corn on corn.

- Prepare a good seedbed, but don't work the field any more than necessary. A powdery seedbed may cement over with heavy rains. This forms a crust over the roots and prevents penetration of air and soil and reduces yields.

- Select adapted hybrid varieties. Don't stretch the season, but choose a variety that will mature every year. Pick Hybrids suited to your area from "1961 Ontario Hybrid Corn Performance Trials", available at your Agricultural Representative's Office.

- Fertilizer requirements are best determined by soil testing. A band application of 200 pounds of 8-16-16 or the equivalent is always needed. Take precautions to place the fertilizer two inches below and two inches to the side of the seed. Additional fertilizer, to bring the total applied up to about 500 pounds of 8-16-16 per acre, should be bulk spread in the spring or plowed down in the fall. Extra nitrogen may be required for top yields on some farms, but you get the best recommendation from a soil test.

- Plant the corn thick. To produce high yields and use up all the

fertilizer you apply, a corn plant population of 14,000 to 18,000 plants per acre is necessary. For 40-inch rows, adjust the planter to drop kernels every 9 1/2 inches (14,000 plants) to 7 1/2 inches (18,000 plants).

- Plant corn slowly. The optimum tractor speed is three m.p.h. It takes time for the kernels to go through the planting mechanism. At high planting speeds the kernels may hit the soil below the shoe and bounce back. This causes uneven stands and poorer yields.

- Control weeds. Chemical sprays like atrazine can replace cultivation, if you use the overall application. Band spraying with atrazine or 2,4-D will probably require at least one cultivation.

### West Hastings Dist. Sponsored National Farm Radio Forum

On Monday evening, February 5th, West Hastings District Women's Institutes sponsored a National Farm Radio Forum educational programme at the River Valley School House, with approximately forty people in attendance from Sidney South, Pine Grove, Uniondale, Chatterton, Wall-

bridge and River Valley Branch members and friends.

The reception committee was Mrs. Roy Bush, Past D.F.; Mrs. George Heasman, D.D., and Mrs. Kenneth Myers, Branch President.

District President Mrs. Percy MacMullen, welcomed the guests and presided over the meeting, which opened with the Institute Ode and Lord's Prayer. Mrs. Philip Conley was pianist.

All across Canada on Monday evening this educational programme was sponsored by Branch Institutes under the direction of the F.W.I.C. President, Mrs. L. G. Lymburner.

Mrs. Everett Phillips, Federation Representative to the Trent Valley Area, gave a synopsis of the broadcast plans. John Kane was in charge of the radios and the half hour broadcast was on the theme "Are we adequately training farm people today to ensure employment for them tomorrow?"

Following the broadcast, Mrs. Phillips introduced the guest speaker, Mr. W. J. Musgrove, B.A., Principal of Moira Secondary School, Belleville. He gave a very informative message on various programmes of study for Grade VIII students. He stressed the value of learning to read at an early age and said books should be provided for children as soon as they are able to enjoy them. He gave many helpful ideas and spoke briefly re the value of horticulture.

A very timely discussion followed with two groups and Mrs. Harry Coulter will send the findings on to Headquarters.

Mrs. Gerald Harrington, 1st Vice-President of the District, voiced appreciative thanks to the speaker for his informative address.

The Secretary was in charge of the roll call and Sidney South, the newest branch, was given a special ovation. Mrs. Phillips and Mrs. Coulter gathered the offering, which amounted to \$11.00, and most of this will go for "Pennies for Friendship" of the District and next October it will travel to Melbourne, Australia, where it will be used for education of women and girls in that area.

The door prize was won by Mrs. Gerald Irvine, of Chatterton Branch, Jane Bush had the honour of choosing the number.

Mrs. MacMullen voiced thanks for co-operation from the Branches and special assistance from River Valley.

She also thanked Hastings County Federation of Agriculture for the serviettes, "Better with Butter." The service closed with the singing of "The Queen" and Institute Grace.

The food was pooled with Mrs. Jack Bush and Mrs. John Kane in charge of kitchen duties and refreshments were served. Messrs. George Heasman, Percy MacMullen, Jack Sager and Roy Bush assisted with coffee, chairs, etc.

### Belleville Branch Civil Service Assoc.

The regular meeting of the Civil Service Association of Ontario, Belleville Branch No. 48, was held in the Junior Building Auditorium of the Ontario School for the Deaf, Belleville, on Wednesday evening, February 7th. Mr. Elgin Vader, President, was in charge of the meeting.

A donation of \$25.00 to a member who had suffered a serious loss by fire, was approved. Plans were discussed for the annual dinner being held at Club Canara on March 30th. The nominating committee for next year's executive is Harold Vaughn, O.S.D., Dept. of Education; Mr. Post, Dept. of Highways, and Mrs. Dorothy Ellis, Dept. Attorney General.

Mr. J. DeMeza, Supt. of the Ontario School for the Deaf, was guest speaker. Mr. DeMeza showed coloured slides of the school buildings and school activities, portraying the deaf child of five years of age starting to school, with a normal mind and body, but due to deafness, unable to express anything. A normal child of five ears starting to school has a vocabulary of 2000 words, but the deaf child of this age has no vocabulary whatever. Mr. DeMeza, with his lecture and slides depicted the various phases of training this child, through the years. Mr. DeMeza stated that there are about 700 deaf children in Ontario. Over 500 of these are attending the Ontario School for the Deaf in Belleville. Those in the Metropolitan Toronto area are trained in a day school there. Mr. DeMeza anticipates that the new school at Milton will relieve some of the pressure on the school in Belleville.

## LEGION NOTES

Two important dates are ahead for Legion members. The Annual Skating Carnival and the Legion Skating Party. Legion members are urged to "dress in costume" for the Carnival.

The Legion Skating Party will be held on Friday, February 23rd, starting at 7:30 p.m. at the Legion Arena. All members and their families are invited to attend.

The Legion has expressed an interest in the local and district public school speaking contest. It is the hope of the local branch that one or two contestants from Stirling may be entered in the Canadian Legion Public Speaking Contest. This contest is open to children of veterans. More details will be announced in this connection in the near future.

All members and veterans are advised that copies of the Revised War Veterans Allowance and Assistance Fund are available from the Branch Secretary, Bruce Glendinning; also any veteran wishing more information on the Legion Life Insurance Plan is asked to contact the Secretary.

Local hockey fans are missing some fine hockey entertainment. Every Saturday, from 8 a.m. to 12:00 noon the local Squirt and Pee Wee leagues are in action. This week-end will provide plenty of hockey activity and fans are urged to give their support.

play-offs when they entertain Frankford Pee Wee All Stars at the Legion Arena this Friday at 7 p.m. The second game of the series will be played in Frankford on Tuesday next.

This coming Saturday the local Squirt and Pee Wee leagues will commence play-offs. For the past number of years the Legion has devoted much time and expense providing good hockey activity for all local and district Squirts and Pee Wees.

The men who coach and look after these youngsters have much patience and give freely of their time every Saturday. Local coaches are: Pee Wee — Allan Lawes, Bill McMullen, Bert Bastedo and Ross Kirm. Squirt — Bob Green and Howard Parsonson.

In addition to these men, many others contribute to the success of the leagues. Bob Luery acts as Secretary; Ray Marbury, Lloyd Jones, Ron Stevenson, Bob Crossman and Bob Neal all contribute much time.

### Arena Schedule

JOHN LESTER IRVIN HAY

In failing health for the past two months, John Lester Irvin Hay, died at his home on Monday afternoon, February 12th, 1962. He was born in Belmont Township, 78 years ago, being the son of the late Mr. and Mrs. Andrew Hay and had been a resident of the community for the past 41 years. He previously resided in Prince Edward County. For many years he farmed in the district but had been retired for some years through ill health.

Mr. Hay was an adherent of the United Church and is survived by his wife, the former Martha Crippen, two daughters, Mrs. George (Helen) Curry, Belleville; Mrs. Delbert (Gladys) Mitchell, of Warkworth; two sons, Lester at home, Carl, of Fenella; one sister, Mrs. Gertrude Caverley, Marmora, and one brother, Arthur Hay, of Chatham. Also surviving are five grandchildren.

## River Valley Institute News

Mrs. Roy Tucker, Mrs. Vernon Harry and Mrs. Percy MacMullen, of River Valley Women's Institute, attended "Summary Day" in the Stirling Community Hall on Thursday afternoon. The senior training school course centred around "143 Pounds of Meat." Mrs. M. Waldron, acting Home Economist, and her assistant were in charge.

On Thursday evening, February 8th Mrs. Percy MacMullen, President of West Hastings District Women's Institutes, paid her official visit to Chatterton Branch. Mrs. H. M. Bloor, R.R. 2, Holloway, was hostess at her home and Mrs. Lorne Smith, president, conducted the meeting.

To date one thousand dollars has been contributed and five hundred dollars pledged for the Scholarship Foundation Fund. River Valley has already forwarded their contribution and we expect another of our branches will do so this week. March 1st is the date set at F.W.I.O.

Several Institute members are planning to attend the 65th Anniversary of Women's Institutes in Ontario at the Queen Elizabeth Building at the C.N.E., Toronto, on Monday, February 19th. The F.W.I.O., Mrs. L. G. Lyburner, of Port Colborne, will be on the TransCanada CBC Matinee that afternoon. It is expected that Mrs. Haven Smith, of Nebraska, will be on Open House CBC TV on Tuesday afternoon, February 20th. There will also be broadcasts on Country Calendar, February 18th and 25th. Those who remain at home can enjoy seeing the highlights.

When two men met on the street one asked the other for a cigarette. His friend gave him the cigarette, commenting as he did so, "I thought you had quit smoking." "I'm just in the first stage," replied the other. "I've quit buying!"

### Stirling-Rawdon District High School Board Monthly Meeting

Members of Local Staff To Visit Toronto Schools On Friday—Purchase Supplies

The monthly meeting of Stirling-Rawdon District High School Board was held on Monday night with Dr. R. B. Murray presiding. He was supported by Messrs. H. Morrow, R. Malory and James Johnston.

Correspondence was tabled from Mr. G. H. Waldron, Inspector of Public Schools; Ontario Department of Education, urging that sufficient liability insurance be carried by the School Board, and the Ontario Secondary School Teachers' Federation regarding the "Lamp of Learning Award." This award is presented annually to one, outside the teaching profession, who has made an outstanding contribution to secondary education.

The Board decided to submit the name of J. B. Belshaw, Front St., who has given some thirty-five years service to local Boards of Education and District School Boards.

A request from the Rawdon Junior Farmers for permission to hold their meetings in the school lunch room was tabled but did not meet with the approval of the Board.

#### Principal Reports

Principal J. L. Good presented a requisition from Mr. J. W. Bakker, science teacher, for the purchase of 25 small mirrors and 12 glass plates. He also explained the necessity of having blinds installed in the gymnasium to combat the sun's rays which interfered with the class work being carried on there periodically. Authorization was given for the purchase of the items named and the Principal will investigate the matter of the gym blinds.

#### Visit Toronto

A proposed visit by members of the High School staff to several Toronto schools on Friday with a view to professional improvement was also explained by Principal Good. The Lawrence Park School, where Wm. Bailey, a native of this district, is Principal and Northern Secondary are among the schools to be visited. This trip will necessitate closing the local school for the day.

The matter of having a supply of whole milk and chocolate milk in the school lunch room was discussed, and agreed to by the Board members, providing the Students' Council assumes responsibility for the same. The local dairy will supply the milk in the required quantities.

A request for sponsorship of a 4-H Grain Club by the school was also presented by the Principal, with a suggestion that the Board assist in purchasing certified seed grain for the club members. While the Board was agreeable to the Club, it opposed purchasing the seed grain for the members.

The following accounts were presented for payment:

Bell Telephone, \$74.48; F. R. Armstrong & Son, \$14.89; H. K. Porter Co., \$2.36; Gestetner, \$89.58; G. H. The locals have overpowered all opposition in the regular schedule and according to reports will be meeting their first tough competition in tonight's game. The visitors are a big fast-skating aggregation and the "Chevies" will have to pull out all stops to knock them off.

Fans are assured of a thrilling game and the boys will appreciate your support. Make sure to be on hand.

### In Hospital

Friends of Mrs. H. C. Bird will regret to learn that she is a patient in Belleville General Hospital, where she was taken on Sunday evening by Duffin's Ambulance.

Mrs. Nina Morton is also a patient in Belleville Hospital, where she underwent eye surgery on Monday.

### Stirling "Chevies" Advance In Play-offs by Defeating Brighton

Stirling "Chevies" completely outclassed Brighton in the second game of their play-off series by a score of 21 to 1. The game was played at the Stirling Arena before a sparse crowd of fans. The visitors fought hard throughout but just couldn't cope with the Stirling offensive.

Stirling took a four-goal lead in the first period and ran wild in the second canto when they rapped in eleven counters passed Ewing in the visitors' net. In the final stanza they added another six while Quick from Lisle accounted for the visitors' only tally. Despite the lop-sided score Ewing, the visitors' goalie, played a strong game and turned aside a regular deluge of rubber at times.

The scoring for the locals was well distributed with Grant Hagerman leading the parade with four counters. Jackie Wright and Faulkner got three each. J. Noble, Donohoe, Boslak and Vandervoort two each, and Smith, Rodgers and Potts singletons.

There were six penalties handed out with the visitors taking four of them.

The late Mrs. Bell was the former Carrie Mabel Rodgers, daughter of Mr. and Mrs. John Rodgers, and was in her 81st year. She was a member of St. Paul's United Church. A good neighbour and a kind friend she was held in high esteem in the community.

She leaves to mourn one son, Maurice, of this village, and two sisters, Miss Rilla Rodgers, of Stirling, and Mrs. Emma Goudge, of Winnipeg, Man. Two grandchildren, Bob and Bill Bell, also survive. Her husband, the late Henry Gilbert Bell, and one son, Lawrence, predeceased her.

The funeral service was held at the Duffin Funeral Home this (Thursday) afternoon at two o'clock. Rev. P. J. Hommersen, minister of St. Paul's, conducted the service.

Entombment in Stirling Cemetery Vault.

### Elaines Clinch First Place

Stirling Elaines clinched first place in the Stirling District Industrial Hockey League on Tuesday night by clipping Springbrook 7 to 4. Elaines were without the services of regulars Bob Clarke, Al Kinton, Wayne Barnard and Tommy Moore, while Bob Taylor saw only limited action.

Doug Bird joined the Elaine team on Tuesday and picked up their last goal. Elaines led 2-1 at the end of the first period, added a trio in the second but were outscored 3-2 by the visitors in the final frame. Doug McCrory of Elaines drew the only penalty of the game. J. Wright officiated.

Elaines have two games left, both with second place Cooper, the only team Elaines have not beaten.

#### Stirling Merchants Tie Cooper

A last period break-away earned Cooper a 2-2 tie with Stirling Merchants in Cooper last Friday.

Stirling played the North Stars right off their feet in the first period to take a 2-0 lead. Cooper fought back with one second period goal and got the equalizer late in the third.

Allan Bird opened the Stirling scoring blazng a 15-footer into the Cooper net. Late in the period Gerry McGee grabbed a loose puck inside the Cooper blue line, circled the Cooper net and tucked the puck behind the Cooper goalie into the net.

A fair crowd was in attendance.

#### Elaines Down Holloway

Stirling Elaines held on to first place Thursday last by defeating a much improved Holloway squad 8-4. Holloway threw a big scare into Elaines by staying within reach until mid-way through the final stanza. Elaines were without the services of D. McCrory, B. Taylor and T. Moore.

Mike Foxen played outstanding goal in the first and second periods, robbing the hard-shooting Elaine crew time after time. Elaines held a 2-1 lead at the end of the first frame and each team potted one in the middle stanza.

A. Kinton (2), G. Masson (2), P. Heasman (2), Wood and Wright scored or Elaines. Seymour (2), McGrimmon and Johnny Emerson replied for Holloway. G. Heagle officiated.

### Juveniles Eliminated

Stirling Juveniles bowed out of the play-off picture last night at the local arena, when they dropped a 12-9 decision to Marmora.

The locals led 5 to 2 at the end of the first and 7-4 at the end of the second period. For most of the final period it was a ding-dong battle with each team taking turns at putting on the pressure. However in the final five minutes the visitors took command and, aided by some faulty clearing by the locals in their own end of the ice, rapped in three counters to win the game and series.

Grant Hagerman was the leading scorer for the locals potting five goals.

## Meighen Rodgers Writes Interesting Account of His European Tour

Following is the story of a European tour by Meighen Rodgers, of West Hill, who formerly resided in the Stirling district, and is now a teacher at Scarboro. Due to its length the article will be published in several parts. This is the fourth instalment.

### Boat Trip Along Italian Coast

At Naples, we boarded our ship for the Isle of Capri, and sailed along the Italian coast by historical Mt. Vesuvius. Vesuvius was once 7013 feet in height, but after its eruption in 79 A.D., it was reduced leaving the tallest point which has been named Mt. Somma, at 4199 feet. Vesuvius has erupted several times, the last being in 1944, when it left 21 feet of ashes. Its eruption buried Pompeii.

### Isle of Capri

Capri, an isle three and a half miles long and two miles wide, is a romantic isle of enchantment, which has been the subject of song and story for centuries. Emperor Tiberius built villas there in the first century. While on the island, I enjoyed a hike up the narrow highway to the villa of Anacapri, where I

enjoyed a chair lift ride for three miles to the top of Capri's highest peak. Here I got a wonderful view of the beautiful blue Mediterranean, the white buildings of Capri Villa far below, and the moving boats as they made their way to and fro in the harbour. We also made a visit by rowboat to the Blue Grotto, which is a cave under the high cliffs of Capri Isle. The reflection of the blue waters on the roof of the cave made it light enough that one could see out to the small hole where we entered. The water in the cave is about 80 feet deep. About a dozen rowboats could move about in the cave at once.

Leaving Capri by boat, we journeyed back to the mainland and joined our bus at Sorrento, then travelled on to ancient Pompeii, which was buried by the eruption of Mt. Vesuvius in 79 A.D. Pompeii was discovered and excavation began in 1748. By the 19th century, three fifths of the town had been unearthed. Two thousand of the town's twenty-five thousand were killed in the disaster. Through excavation, it has been learned that the houses were large, with few windows, central heating, garden patios, no kitchens, hole in the roof for water, and cobble stone

streets. Fourteen watch-towers, the town's wall, eight city gates, large public baths, public laundry houses, many coffee stands, restaurants, temples, homes, animals, and humans were covered with red hot lava from the eruption. Many articles that were unearthed, including human bodies, are on display in the Pompeii Museum.

On leaving Pompeii, we journeyed north again to Naples, passed volcanic Lake Lucrino, and proceeded to Rome. Southern Italy is very mountainous, hot and dry. However, through irrigation canals, grapes, melons, sugar canes, olives and pears are growing in the valleys between the mountain ranges.

### Walled City of Siena

On entering Rome from the south, we saw the old Roman Aqueduct, which was used to convey water across the country in early days. We crossed the shallow Tiber River and took the Cassia Road north through a dry mountainous district to Siena, one of the great city-states of the Renaissance and home of the famous school of art. The walled city of Siena is situated on a high hill and has a population of 73,000. It has narrow streets and many ancient buildings. We toured the Siena Cathedral and saw the Piazza del Campo, with its fine Town Wall. The Siena Tower on the public square is 210 feet tall. All of these buildings were a

striking black and white striped colour.

There are many olive trees and grape plants in the valleys of northern Italy, sycamore trees which resemble our maples and cypress trees which look something like our cedars. Locust, larch, and linden trees were also quite common.

### Visit Cemetery Near Florence

As we neared the city of Florence, we stopped at the American cemetery, where 4,000 American soldiers were buried in 1945. The graves are well cared for and flowers enhance the beauty of this quiet spot.

Florence, another walled city, is situated on the banks of the Arno River, and is known as the "Queen City" of the Renaissance. It is Italy's seventh city in size with a population of 390,000, and is a noted city of art. Our sightseeing tour included visits to the Cathedral and Baptistery, Uffizi Gallery, Tomb of the Medici, the 275 foot tall Bell Tower which was erected in 1334, Santa Croce, and the renowned straw market. Michelangelo Bonarroti died in 1564 and was buried in "Our Lady of the Flower Cathedral" in Florence. Construction of this cathedral was started in 1296, and it is the third largest cathedral in Europe, with St. Peter's in Rome ranking first and St. Paul's in London ranking second. Dante, who wrote "Divine Comedy," died in Florence in 1321 and Rossini, the famous opera composer, died there in 1868.

One of the beautiful sights in Florence is Ghiberti's carving of the "Golden Gates" on the Medici Chapel. This work took Ghiberti twenty-seven years to complete (1425-1452) and he used forty-five pounds of gold in their construction.

### Pisa Tower

A short drive along the Arno River took us to Pisa to see the famous leaning tower. Situated only eight miles from the Mediterranean Sea, Pisa enjoys a mild climate. It is an industrial and railway centre, with three main highways leading into the city, an air base, and a university.

The Pisa Tower, named after its architect, Giovanni Pisano, took 99 years to construct (1174-1273). It is 179 feet tall, weighs 1500 tons, has 8 floors, 293 stairs in the staircase, 7 bells on top, its walls at the base are 13 feet, 5 inches thick, and it stands at an inclination 14 feet 2 inches. Galileo studied and experimented the law of gravity from the top of this tower.

Near the tower, stands the Pisa Cathedral, and the Baptistery with its huge baptismal font. The dome of the Baptistery echoes loudly any sounds that are made in the building, hence, many singers such as the great Caruso practised singing here. (To be continued)

January meeting, also a thank you letter received from Mrs. Dyson.

### Programme

Mrs. McMullen presided over the program with the use of the printed worship service. The Scripture Lesson, 9th Chapter of St. Luke, 51-56 and the commentary was read by Mrs. Forde Stapley. Eleven answered the roll call, with a memorized verse from St. Luke. The offering was gathered and dedicated with prayer by Mrs. McMullen.

Penny Bags were distributed, the proceeds to be a sepicial offering this year.

All enjoyed the lovely piano solo by Mrs. Bruce Stapley. The chapter, "Out of the Storm," from the new study book, was given by Mrs. Wm. McMullen.

The meeting closed with a hymn and benediction. Refreshments were served by the hostess.

## Bethel U.C.W. Pot Luck Supper And Meeting

A large number of members and friends gathered at the home of Mr. and Mrs. Don Heath on Thursday evening, February 15th, for a pot luck supper and the second meeting of the Bethel United Church Women.

At 8 o'clock Mrs. Laycock gave a cordial welcome to all and opened the worship service with the use of a hymn. Mrs. Glenn Heath read the Scripture Lesson from the 6th chapter of Isaiah, followed by the meditation by Mrs. S. Hoover. The President closed the worship service with a hymn and prayer.

Mrs. S. Brady and Mrs. J. Mulheron presented a very interesting program. Mrs. H. Elliott presided at the piano as the group joined in community singing. Donald Heath favoured with a solo, "An Evening Prayer." Mrs. Hugh Lyons contributed a reading, "The Perfect Hostess." Elizabeth Treneer and Margaret Mulheron, accompanied at the piano by Marilyn Stewart, sang, "How Great Thou Art." Mrs. W. Heath rendered a piano selection.

The highlight of the evening came when Mr. and Mrs. Alton Hadley gave an illustrated address of their recent trip to South Africa. Mrs. Hadley showed the pictures of various places of interest, including some very fine shots of wild animals in Kruger National Park. In a very informative way Mr. Hadley presented a running commentary on the events, conditions and way of life in this disturbed continent.

Mrs. Glenn Heath moved a vote of thanks to Mr. and Mrs. Hadley and all voiced appreciation.

## Self-Help Homes Plan For Good Credit Rating

A move to provide an opportunity  
for local residents who want to own  
their own homes but cannot qualify  
for conventional financing has been  
made by Stirling Lumber Ltd. Mr.  
D. W. Rodgers, the President of the  
local firm announced this week that  
his firm has been appointed Stirling  
and district dealer for Nicholson  
Self-Help homes.

Mr. Rodgers said, "the Nicholson  
Homes people have been talking to  
lumber dealers across Ontario for  
some time with a view to providing  
homes for people in country areas  
and for those who do not earn enough  
to qualify for regular N.H.A. loans.  
The plan they have devised allows  
anyone with a good credit rating and  
a steady job to buy a home for about  
the same monthly payment as they  
are presently paying for rent. In  
many cases no down payment is  
necessary."

The plan is a new concept in hous-  
ing in which builder and purchaser  
join forces to keep construction cost  
down, thereby reducing monthly  
mortgage payments. A capsule de-  
scription of the plan would be that  
the builder does all the heavy con-  
struction work and allows the purchaser  
to do the inside finishing work him-  
self on his own time and at his own  
pace. The purchaser can choose as  
large a home as he feels he can af-  
ford from the many Nicholson mod-  
els. He can also buy as much house  
as he can comfortably afford. For  
instance, in order to purchase the  
home he wants, a buyer might decide  
to wait to install kitchen cupboards  
or a finished floor.

The plan will be especially attrac-  
tive to persons living in rural areas  
where it is difficult to obtain mort-  
gage funds. There are no restrictions  
or penalties for location. Principal  
requirements are that the purchaser  
own his lot free and clear and have  
a water supply.

Originators of the "Self-Help"  
homes plan are Nicholson Homes  
Ltd., of Burlington, Ontario. This or-  
ganization, a new affiliate of A. S.  
Nicholson & Son, Limited, wholesal-  
ers of building materials in this prov-  
ince for 52 years, arranges financing,  
hold mortgages and plans sales and  
construction on programmes for deal-  
ers who handle selling and building.

Mortgages on Nicholson Homes are  
delightfully short in this era of long  
term debts. The standard plan al-  
lows a purchaser to own his own  
home completely in 10 years. Month-  
ly payments vary depending on the  
size of the home and the stage of  
completion purchased. Some pay-  
ments are as low as \$52.00 per month  
and Nicholson Homes have indicated  
that later in February a three bed-  
room home will be available that will  
include plumbing, heating, wiring and

all other materials for "about \$75.00  
per month." All mortgages are life  
insured so that family's security is  
protected for the full term of the  
mortgage.

Designed by Architect Norman  
Wallace Dobell, winner of several  
Design Council awards, all Nicholson  
Homes feature plenty of closet space  
and a handy "step-saver" kitchen de-  
signed for efficiency. "We're es-  
pecially pleased with the way Mr.  
Dobell has organized the working  
area of the homes," said Mr. Rodgers.  
"In most models the kitchen opens  
onto a large family room that provid-  
es ample space for family eating and  
is a most handy place for TV or a  
study area for children." Many vari-  
ations in exterior siding are available  
and homes may be built on full base-  
ments or "crawl space" foundation.

Stirling Lumber Ltd. have made  
plans to construct a model home as  
soon as weather permits and are  
planning to make Nicholson Homes  
available throughout the area im-  
mediately.

Our Canadian Red Cross serves in  
this community in so many ways.

## Fraser -- Grills Wedding Solemnized

A pretty wedding was solemnized  
on Saturday, February 10th at 2 p.m.  
at the home of Mr. and Mrs. Ernest  
Grills, Frankford, Ont., when their  
daughter, Barbara Jean, became the  
bride of William Ralph Fraser, also  
of Frankford, son of Mr. and Mrs.  
Gerald Fraser. The Rev. P. J. Hom-  
mersen, of Stirling, officiated be-  
neath an archway of tulips, roses,  
carnations and evergreens. Lovely  
baskets of gladioli and chrysanthem-  
ums adorned the rooms.

Mrs. Dorothy Sheppard played the  
traditional wedding music.

Mr. Donald Armstrong, of Frank-  
ford R.R. 3, was the soloist and sang  
"Because" before the ceremony and  
"The Wedding Prayer" during the  
signing of the register.

Given in marriage by her father,  
the bride was lovely in her white lace  
bridal gown in ballerina-length trim-  
med with seed pearls having a fitted  
bodice and long pointed sleeves. She  
wore a shoulder-length veil of illus-

### Mrs. Don Stewart Hostess Rylstone W.I.

Mrs. Don Stewart was hostess to the Rylstone Women's Institute on Wednesday when they held their February meeting in the S.S. room of Zion Church. It was the Agricultural meeting and the convener was Mrs. Percy Reid.

Mrs. Don Stewart, 1st Vice-President, was in charge of the meeting, which opened with the Institute Ode and the Mary Stewart Collect. The roll call was answered by "Value of cheese and how to serve it."

Mrs. Don Kerr, President, gave a splendid paper on "Different ways wheat comes to the table."

Mrs. Don Stewart, Mrs. Jack Watson and Mrs. Stan Kerr were chosen to be a committee to arrange a card party in aid of Campbellford Hospital. It was decided to make a donation to Mental Health.

Mrs. Rex Rollins, of Madoc, District President of the North Hastings Institute District, was introduced by Mrs. Ernest Irvin. Mrs. Rollins gave a review of the Institute Handbook and gave an account of an Institute bus trip to Kingston.

Mrs. Gerald Barnum gave current events and Mrs. Jim Milne gave a demonstration on dressing up discarded bowls and other dishes for jardinières and flower arrangements. She also showed a pretty checked gingham apron in pink, which she had cross-stitched with black and white to make a beautiful garment.

Mrs. Gerald Petherick conducted a "Heart" contest and lunch was served by the hostess, assisted by Mrs. Alf Barnum and Mrs. Don Kerr. Programme committee Mrs. Gerald Barnum and Mrs. Jim Milne. The meeting closed with the National Anthem. A sing song was led by Mrs. Jack Watson.

### Unit Six St. Paul's United C. Women

The February meeting of Unit Six of St. Paul's United Church was well attended despite icy walks. The Sunday School rooms presented a cheery, attractive appearance with Valentine decorations and spring flowers. The

hostess was Mrs. F. Wood, with Mrs. J. B. Hough in charge of the program. Mrs. R. Patterson, the leader, welcomed the ladies and opened the meeting with the singing of the theme hymn, No. 17. Mrs. H. West acted as pianist.

The Scripture Lesson, I. Corinthians, chapter 13, was read by Mrs. J. Thompson, with Mrs. Hough giving the commentary and prayer.

Mrs. Patterson then conducted the business part of the meeting with Mrs. Earl Eggleton as secretary in the absence of Mrs. Ross Bush. Reports from various secretaries were received: Mrs. P. Utman and Mrs. M. Ayhart for Community Friendship; Mrs. A. Elliott for the Programme Committee; Mrs. F. Beatty for Social Functions.

Each woman received a colourful copy of programmes planned for the year, with special theme and names of those women responsible for each monthly meeting. A special project was suggested for the evening of May 1st — more details of which would be divulged at a later date.

Mrs. Patterson brought up the matter of adopting a name for the Unit and from many suggestions, "The Friendly Sixties" was the one chosen.

Ladies of Group Five, meeting in another part of the building then joined Group Six for Bible study conducted by the Rev. P. J. Hommersen. Mrs. H. Waite's lovely solo, "How Great Thou Art," suitably closed the study period and the Rev. Hommersen pronounced the benediction.

Afternoon lunch, served from a daintily decorated tea table, was much enjoyed. For older members, ill or shut-in, lovely little baskets for Valentine, arranged with cookies and candy were delivered later by some of the members.

ion tulle, and carried a bouquet of red roses.

She was attended by her cousin, Miss Margaret McIntyre, of Concession, as maid of honour, wearing a blue nylon street-length dress with matching headdress and shoes. She carried a bouquet of pink 'mums. Miss Sharon Grills, of Frankford, cousin of the bride, was bridesmaid, attired in pink nylon in street-length, with matching bandeau, white shoes and gloves. She carried a bouquet of blue-tinted 'mums.

The bride's youngest sister, little Miss Catherine Grills attended her

slater as flower girl. She wore a white head-band covered with white and yellow flowers and tiny green bows. She also wore a gold filled locket, a gift of the bride, and carried a small bouquet of white 'mums.

Mr. George Platford, of Frankford, was groomsmen, while the bride's aunt, Mrs. Clayton Stapley, and the bridegroom's aunt, Mrs. Ray Keating, both of Frankford R.R. 3, received the guests.

The reception was held at Club Canara, Belleville, where the bridal table was delightfully appointed with white damask, vases of mixed flowers and centred with a three-tier wedding cake topped with white bells and a miniature bride and bridegroom beneath an arch of white flowers. Tall white candles and the bridal bouquets completed the nuptial setting.

The bride's mother chose a cocoa-brown wool gown with brown velvet hat, green accessories and corsage of gold 'mums, and the bridegroom's mother, a mauve broadcote taffeta and hat, beige accessories, with corsage of white 'mums.

For the wedding trip to the Thousand Islands and Clayton, N.Y., the bride wore a mink-brown wool dress, brown shoes and purse, with green accessories, grey borg jacket, and corsage of yellow 'mums.

Guests attended from Peterboro, Concession, Trenton, Kingston, Norwood, Harold, Hilton, Odessa, Stirling and Frankford.

Mr. and Mrs. Fraser are residing at 25 Ford Street, Trenton.

Previous to her marriage, the bride was entertained at a miscellaneous shower at the home of Mrs. Andy Visser with Mrs. Simon Koots as co-hostess; also at a miscellaneous shower at the home of Miss Marlene Bruce, of Stirling, as a surprise by the staff of the Elaine Shoe Factory.

## NEWS FOR THE BUSY FARMER

### TILE DRAINAGE ASSISTANCE

Many Ontario farmers during the past 50-70 years have been assisted in the draining of their farm lands by the Tile Drainage Act.

This assistance has been in the form of loans from the Provincial Government for the purpose of installing tile drains on individual farms. However, before a farmer can take advantage of a loan through this Act, his Township Council must pass a money bylaw bringing the Act in force in the Township. Although the original Tile, Stone and Timber Drainage Act was passed in the year 1878, there are still quite a number of townships which have not passed the necessary bylaw to enable their farmers to take advantage of this source of credit.

A farmer living in a township that has passed the bylaw may, upon application to Council and upon the approval of the Treasurer of Ontario, obtain a loan of three-quarters of the total cost of his drainage enterprise at that time — but may not borrow more than \$3000 for the drainage of any 100 acre parcel of land or any piece of land smaller than 100 acres. The rate of interest on this loan is 4%. The loan is paid back over a 10 year period in equal annual installments of \$12.33 per \$100 borrowed. This payment is collected by the township in the same manner as taxes and a default in payment is treated the same as a default in tax payments.

A mortgage on the farm does not necessarily influence the ability of the owner to obtain assistance since it is the township council who makes the decision as to whether an applicant qualifies or not.

The Tile Drainage Act supplies anyone interested in installing tile with some very helpful financial assistance at a reasonable rate of interest. This enables many farmers to proceed with their drainage project who otherwise might have had to postpone it. The installed tile, by increasing the productivity of the cultivated soil, pays for itself in the 10 years that the loan is being repaid.

The three R's run throughout life, too. At 17 it's Romance, at 37 it's Rent and at 67 it's Rheumatism.

### Timely Tips

If you have not already done so, now's a good time to check the fuse panels in your farm buildings. According to Hal Wright, Farm Safety Specialist with the Ontario Department of Agriculture, short winter days usually mean heavier electrical loads on the farm. To prevent extra loads adding to the fire hazard, make sure you are not using over-sized fuses. The answer to a circuit that keeps blowing isn't a larger fuse, but an extra circuit. Take advantage of Ontario Hydro's free advice service on any farm wiring problems.

Do you plan on seeding some Bird-foot Trefoil this spring? If you do, you will get the best establishment and production results if you seed it without a nurse crop says Jack Winch, Trefoil researcher with the Ontario Department of Agriculture. If weeds are a problem, spray with 18 ounces of 2,4-DB in 30 gallons of water when the Trefoil is in the true leaf stage.

Don't forget to run your tractor for a few minutes after adding water to the battery, advise engineers with the Ontario Department of Agriculture. Cold winter weather might freeze the water if it isn't mixed. The generator current mixes the acid and water. This solution has a much lower freezing point than water.

The only way to get top yields from an oat-barley mixture is to seed them in the right proportion, and mix the seed by weight, says Bill Taylor of the Ontario Department of Agriculture Field Crops Branch. He suggests you check with your Agricultural Representative for the right proportion for your County. Each County will differ and he has the figures on the best seeding rate and mixture for your area.

### Wellman's U.C.W. Entertained at Home Mrs. John Rainie

Mrs. John Rainie and Miss Emma Rainie entertained the ladies of Wellman's U.C.W. at their home for the regular meeting on Tuesday, February 13th. There were 19 ladies and 4 children in attendance.

Mrs. John Carlisle, President, presided over the meeting, taking for a theme "The Day of Beginning Again," following with prayer. Psalm XC and the prayers following were both read responsively. The hymn "O God the Rock of Ages," was sung.

The Secretary, Mrs. Kenneth Tompkins, read the minutes of the inaugural meeting and the correspondence. Mrs. Douglas Clancy gave the financial report of last year's W.A., with a balance of \$752.14 being transferred to the newly formed organization. Mrs. Clifford Clancy gave the V.M.S. report and Mrs. Fletcher the Mission Band report concluding 1961 along with three life members, making a total of 22 members. Little Miss Linda Rainie took up the collection which was dedicated by Mrs. Carlisle.

The roll call, a Bible verse containing the word or thought "Faith," was well responded to. Mrs. Byron Seeley gave a reading entitled "Ourselves." Mrs. Clifford Clancy also gave a reading entitled "Roses."

Mrs. Omar Dracup gave a well prepared paper on the study book entitled "Faith for the Day," which began with the heading "Outside the Structure." Along with her comments she passed out questions to be answered by the members. These included: Distractions from Church.

Needs in rural Churches. Needs in suburb Churches. Works of Inner Churches. Works of city Churches. Work of laymen. The needs and desires of community in relation to the Church. These questions were well answered.

Mrs. Carlisle thanked the members for giving her the opportunity of being the first president of the Wellman's United Church Women. She also thanked those taking part in the programme and the hostesses for their hospitality. The hymn, "O Worship the King" was sung, followed by prayer by Mrs. Carlisle.

A social hour was enjoyed while the hostesses and their assistants served dainty refreshments.

### Frank Gardner Former OPP Insp. Dies Suddenly

Former Ontario Provincial Police Inspector and Fire Marshal in this district for some time, Frank Gardner, 155 Dufferin Avenue, Belleville, died suddenly enroute to Belleville General Hospital when he was stricken with a heart attack at a service station at the corner of Church and Dundas Street, Belleville, a short time before on Friday, February 16th.

Mr. Gardner was born in Bristol, England, 70 years ago, and came to this country in 1910 and settled in Toronto. When the First World War broke out he enlisted with the Grenadier Guards in Toronto and proceeded overseas to serve with distinction in France. At the conclusion of the war he went to Russia and during the course of his service was wounded three times. He was finally discharged in 1920 and immediately joined the Ontario Provincial Police and was stationed in Northern Ontario centres. While serving at Cochrane he was transferred to Belleville in charge of headquarters in 1930 and served until 1942 when he was transferred to the Fire Marshal's department and continued in that office until his retirement in 1958.

Surviving are his wife, the former Daisy Julia Cox; two daughters, Mrs. Graham (Doris) Kydd, of Cochrane; Mrs. James (Frances) Seymour, of

Kingston, and three sons, Cyril, John and Peter, all of Belleville. Also surviving are 13 grandchildren.

The funeral service was held in Christ Church on Monday afternoon with interment in Belleville Cemetery.

### Wellman's W.I.

Members of the Wellman's Women's Institute gathered at the home of Mrs. John Carlisle on Monday, February 5th to listen to the Farm Forum programme. The attendance was fair.

The education of the rural pupils was discussed on the programme with respect to their being able to reach schools of higher education and the type of education needed for those leaving farms.

The ladies answered the questionnaire sent out to the individual organizations. One of the suggestions of the Wellman's ladies was that vocational schools be set up where boys or girls who do not progress well in the regular secondary school subjects, can take up a vocation suited to the individual, without having to graduate in subjects which they are not adapted to and will receive a certificate in their individual class.

There seemed to be no difficulty in our location in rural children being able to attend secondary schools as those who are not living near enough are transported by bus, giving them all the same opportunity to attend.

Mrs. Carlisle served dainty refreshments and all commented on a very enjoyable evening.

### Cost of Madoc Technical School Has Been Pared

Cost of the proposed Madoc technical school which this winter sparked the withdrawal of Tweed and Hungerford from the Centre Hastings School Area, has been pared considerably with the number of rooms now reduced from 18 to 12.

Estimated cost of the structure as now planned is \$800,000 instead of the \$1,185,000 previously estimated.

The new plans include two classrooms instead of the original five; a library classroom; two laboratories; one typing room instead of two; business machine room; drafting room; boys' occupational training room; three shops instead of four; one large cafeteria instead of two, and a library.

A portion of the cost of the cafeteria and the library will have to be met by the High School Area as these areas do not qualify for the 100 per cent Federal-Provincial grant available for technical classroom area.

### Unit 4 St. Paul's United C.W.

The February meeting of Unit 4 of St. Paul's United Church Women was held Tuesday afternoon at the Church.

Mrs. E. Warren opened the meeting with an inspiring reading, "The Measure of Wealth," after which she called upon Mrs. R. Christie to take charge of the worship service. The subject of her devotional was "What is the Church?" Prayer, Scripture readings from Corinthians 1, chapters 12 and 13 followed, with the Lord's Prayer repeated in unison, followed by the singing of a hymn.

Mrs. P. J. Hommersen in a reading, "For Such An Age as This," considered the problems of the machine age, with Christ as the solution. Mrs. E. Warren sang "God Hath Not Promised" and Mrs. D. Luery gave a reading "The Church."

The business meeting was conducted by Mrs. E. Warren. Roll call was taken with sixteen present. The offering was received and dedicated. Nineteen calls were made on those sick and shut-in.

Mrs. G. Carlisle thanked those who took part in the programme and Unit 4 went downstairs to join Unit 6. Rev. P. J. Hommersen introduced the study book and spoke on "Faith." Mrs. H. Waite, of Unit 6, sang "How Great Thou Art," with all joining in the chorus.

Following the benediction, pronounced by Rev. Hommersen, a Valentine Tea was enjoyed, with the tea table daintily decorated and supplied with attractive refreshments.

Presentation Made

One of the choir members, both in Junior and Senior, giving of her talent through the years, has married and leaving — Mrs. Carman Sine, nee Grace Heasman. Being a busy person in the nursing profession, she still has time for the church where they are now residing in Sidney. She has organized a Junior Choir at St. Paul's Church. Being a very kind disposition the members of St. Paul's Choir can foresee wonderful accomplishments for Grace. Although the local choir regret losing Grace, they have the consolation that she is supporting the young talent in another church.

On behalf of the members Marilyn Conley presented Grace with a rose bowl in Corn Flower design. A most gracious reply was given, expressing the happy times she had spent at St. Paul's.

While lunch was being served by the girls, Grace Brown rendered a few musical numbers. At the close of this social get-together, all rose and repeated the Mizpah Benediction.

## Springbrook Ont. Farmers' Union

The February meeting of Local 171 of the Ontario Farmers' Union was held at the home of Mr. and Mrs. Ralph Thompson. The President, Murney Bateman, acted as chairman. Helen Anne Thompson played for the singing of the Queen.

A letter from head office re membership was read and discussed.

Murney Bateman was one of the delegates from Hastings County when the National Farmers' Union presented their brief to the government in Ottawa on February 1st. Murney gave a very good report on the presentation. The delegation met with the government first and then with the two opposition parties. The delegates then visited with their local members.

Morton Reid reported that he had attended the Hastings County Annual Meeting of the Ontario Federation of Agriculture in Ivanhoe. He gave a brief report of their meeting.

Some of the Union members attended the Hog Producers' annual meeting. There is to be an election for committee men to appoint directors to the Ontario Hog Marketing Board in March. All farmers are urged to get out and vote. If farmers don't attend meetings and get out and vote in these elections, they should not complain if their marketing boards don't do things the way they want them to.

A discussion was held regarding various farm problems. Delbert Munro by thanked Ralph and Ruth for the use of their home. The March meet-

ing is to be held at the home of Mr. and Mrs. Ronald Brown. Lunch was served and a social period followed.
